NEWS FROM THE BOYS IN SERVICE

The following sketches were taken from letters written to Alfred A. Everett and family by Private Henry Stone, who is somewhere in France.

Henry Stone is the son of William H. Stone of Norway, who drove the last car for the Grand Union Tea Co. Mr. Stone enlisted in Co. D at Norway the first of May 1917 and has been with the company since. Previous to enlistment he was employed in the last room at the Carroll, Jellerson Shoe Factory.

"I intended to answer your last letter earlier, but have been where I did not have much time for writing.

We have been in the front line trench, right among the Boche. Have had the shells burst around our dugout and heard them sing as they passed over our heads at night. They sound good when they burst off at a safe distance, but when they come near enough to make you throw yourself flat on the ground or lie flat to dodge machine gun bullets, it is not so much fun. We are resting now in a dugout about fifteen or twenty feet under ground, so we don't worry a great deal at the present. Don't be surprised if I dig a dugout in some back when I get back. I shall be so used to it that I won't want to sleep in the house.

How is the weather over there? Is it as cold as it was? It is nice sunny weather here days, but pretty cold nights if you stand around out door.

How is everything at the store? I should like to be there to-night and talk over old times with the boys. Well, if we have good luck, we shall get back home some day, which I hope is not far away. You people know more about what is going on here than we do."

"Just a few lines to let you know I am well. I never felt better in my life. I don't think I have lost a pound yet. I haven't got fat, but am more solid and have more muscle.

We are having good weather, not much rain now and no snow since the last of December, so we have the laugh on the States in one thing, but I could stand the snow if I could get out of this country.

I would like to take the best part of this country for one of the puddles in the good old U. S. A. You can see what I think of this side of the water.

How is everything going at the lodge? (L. O. M. C.) Are they taking in many new members this winter? Give my best regards to all the boys.

"We are having it easy at present. We do about two hours' work each day just to keep limbered up. We are not so far away but what we hear the roar of the big guns.

We had beans for breakfast. We are going to have beefsteak for dinner and turkey for supper.

Sergt. Dyer has charge of the kitchen for the present.

I saw in the paper that Coot (Ames) was working in the kitchen for the "pill slingers." I doubt if he will ever see this side of the water, but you can never tell what will turn up in this war game.

It is like a checker board—this day the Allies gain and the next the Germans, but there is going to be a big day when this great game will end. I hope it is not far away and I guess everybody does except the German head rulers.

You are all sleeping while I am writing this. It is 9 o'clock here and there is between five and six hours difference in the time.

it afterward at the way my step quickened when the shells came near.

I am feeling fine, never felt better in all my life. I guess it must be the good food and French cooking that I get here. I am entirely rested after my twelve days at the line; this time I am here instead of up there with the others.

There are three Americans here, two others besides myself, who are quartermasters, we are quartered together so we get along fine.

I hope to get news from home before long as I haven't received a letter from you since the first week in January.

Best wishes and love to you all. George.

Extracts from letters from Private Archie F. Swift, who is at San Juan Hill, Santiago, follow. Archie Swift is the son of Mrs. Grace Swift of Paris street and has always lived in Norway until the past few years.

Friday, March 8th, 1918.  
My dear Mother:  
I received four letters from you all in two days and the box came O. K. and believe me it all will come in mighty handy. Things from home are not like anything you get here. My old captain from Leominster just arrived in France with the 119th Co. Station W. S. M. Co. and I received a letter from him to that effect. Perhaps I wasn't pleased I have been of lots of likes lately and we have been unloading ships at the Santiago docks the last three days. I go to bed about seven thirty every evening. I would go before that but the sun just goes down then and it gets cold enough to sleep. We do many things which I can't tell you about and I'm afraid it will be some time before I can for they censor every thing like that.

We are having fine chow (food) now, but we work all the fat off drilling, hiking and working, it does us good, but honest mother I'm glad to hit my little bed when I get through supper. I can't wait so often now, I can't tell you why, but you write as often as you can. We went to Moro Castle a while ago on a hike and believe me it was fine.

Will close with love, Archie.  
The following letters were written by Sergt. L. Carroll of Norway and his brother, Sergt. Francis M. Carroll, who are in France. They are the sons of Mrs. Mabel Carroll of Paris street, Norway and members of Co. D.

Feb. 17, 1918.  
Dear Mother:  
I received your letter, but have been so busy that haven't had time to answer it.

We have been up with the singers and have just got back for a little rest. We are all O. K. and I have got two for my credit. It is a great place up there and how nice it is—the bullets sing. It is great fun to dodge them.

Francis and I have got 100 Francs or twenty dollars to see who would get the first one and I beat him to it about four hours. We have got two apiece. Shall not feel as bad if they get me now. But have got to get a few more.

Well will have to close for this time. Sergt. Leewood Carroll, Co. D, 103d U. S. Inf., Somewhere in France, Feb. 20, 1918.

My dear Mother:  
How are you and all the rest these days? I am feeling fine and dandy, have been up at the front line and seen a few boches, had a pretty good time and didn't get hurt any. Lem bet me a 100 Francs before we went up that he would get one first. Says that he beat me out, but I got mine the 2nd day in.

Got a letter from Mary tonight. Am sorry that she is going back to the Academy teaching. I wish that she would stay at home with you this winter. She said that she hadn't heard from me since you folks sent the Xmas boxes. Lem and I have written quite often and we received them all O. K. and thank you very much.

Well mother will close for this time will have a chance to write real often

mite about us boys, we're all O. K. and we can look out for all of those devils. We'll show them what the Yanks are made of.

We gave Francis a good licking on his birthday. Four or five of us piled onto him and made him beg. I expect James is quite a young man.

Will have to close now and go to bed. Will write to Mary tomorrow night.

Sergt. Leewood Carroll, Co. D, 103d U. S. Inf., A. E. F. Feb. 22, 1918.

Dear Sister:  
Received a letter from you and one from mother tonight and was so glad to get them. I wrote a letter to you the other day, but don't know as you will receive it or not so will put the same news in this one. We have been in the front line and I accounted for two of the devils and Francis accounted for two more and there are four that won't bother us for a while. I have heard it was H— in the front line, but I would like to stay up there until this war is over. It is fun to hear the bullets sing over your head.

We received our Christmas boxes and were awfully pleased with them. That cake was fine, it hadn't dried up a bit. It had been on the road most a month. Will please thank the C. E. Society for us boys. I we didn't mind Millard a letter, but know she would read it before all of the girls. I haven't received a letter from Aunt Lizzie for over two months, but I write a letter every week and am in hopes to hear from her soon.

Will have to close and go to bed. Will write to Aunt Lizzie tomorrow night and write another letter to mother.

Sergt. Leewood Carroll, Co. D, 103 U. S. Inf., A. E. F.

This letter was written by George L. Gurney, who is in France, to his father, F. E. Gurney of Hebron.

In France, Feb. 18.  
Dear Father:  
Just a line to let you know I am all right. Have been in the front line of trenches for a while I wish you could see the Germans to see how they look to us. The night we went in the trenches they gave us a show of shells, not very many, but they did hit a few of our boys, but kept us going right on. We live in big dugouts most all the time now.

I wish you would send me some smoking tobacco. We don't get much over here.

Love to all from George L. Gurney-Co. D.

Another Change on Grand Trunk  
The Grand Trunk Express from Montreal to Portland changing time Monday without public notice but as this train had been running during the past three months on a sliding scale, few travelers realized a change had been made. For the present, possibly during the summer at least, the branch train will leave New York to connect with both trains going east and west at 9:25 a. m. and 6:55 p. m. Under this arrangement there are two crossings at South Paris daily except Sunday. No branch service Sunday. Electric cars leave head of Main street, Norway, at 9:15 a. m. and 6:45 p. m. to connect with east and west trains at So. Paris.

Appointive Officers for 1918  
The following is a list of the appointive officers for Norway for the year 1918:

E. E. Wit, W. A. Hersey, J. P. Cullinan, Jas. B. Frost, Amos J. Milet, Jas. E. Marston, B. Cummings, Geo. H. Cullinan, D. Frost, E. F. O. Greene, Arthur Hebbard.  
Surveyors of lumber—Geo. H. Cullinan, S. E. Cummings, Geo. H. Cullinan, W. A. Hersey, A. D. Frost, Virgil P. Flood, Jas. B. Frost, C. A. Hersey, Jas. E. Marston, E. F. O. Greene, Arthur Hebbard.  
Sixtons—Harry E. Lovejoy, Carl Schenk, E. Kimball, O. C. French, Russell Frost, Arthur H. Holman.  
Drivers of heavy viewers—Archie Goodwin, Fred. Brown, Carroll.  
Building Inspector—Horace E. Mixer.  
Members of Board of Health for three years—H. L. Bartlett, M. D.  
Road Commissioners—Joseph Roy, village, Ralph Frost, Horace Dismore.  
Dog Constable—Frank P. Towne.

House Moved to Bath  
Fred Knightly of Waterford made several trips last week with Clarence Poland's building which will be used for camping purposes at Bath. This building was located at Bath, Waterford, taken down in sections and shipped from the Norway station. Mr. Poland is employed in the ship yards and plans to live an independent life when away from the job.

Davis-Harriman  
Cards have been received announcing the marriage in Emigrant, Montana, of Harry Winslow Davis and Chrystal Bertha Harriman on Saturday, March 23.

Mr. Davis is the son of Charles Davis of Oxford and Mrs. Davis is the daughter of Mr. and Mrs. Ira B. Harriman. She is a graduate of Norway High School, class of '11, and was a successful teacher in Norway for several years. She went to Caribella, Montana, in the fall of 1917 where she taught. She was made noble grand of Mt. Hope Rebekah Lodge in June 1916, which position she held at the time of her departure.

John P. Cullinan  
John P. Cullinan of Norway, a well known business man in this section, passed away in his home on Main street late Wednesday afternoon with pneumonia, which followed several months of failing health. A powerful will kept him in touch with his extensive business interests long after the average person would have given up because of physical infirmities.

He was born about 56 years ago in Ennis County, Clare, Ireland, the son of Michael and Mary (Fired) Cullinan of Irish and Scotch descent. The family came to Monmouth when he was four years old, remaining there eight years. He commenced his career on the Sanborn stock farm in Poland. After three years he changed his occupation and made shoes in Lynn, Mass., and other cities eventually working at the trade a short time in Norway.

In 1883 while employed in Norway, Taney he began buying timber lots, and gradually developed business in that line which required his whole attention. Ten years later he associated himself with C. B. Cummings & Sons, and to dispose of by-products of his lumber operations and that of the Cummings plant started the retail wood business. In 1897 Mr. Cullinan succeeded Frank Holmes in the local coal trade, including in the transaction the coal sheds in Railroad Square and the delivery outfits.

During the big fire in 1894 Mr. Cullinan lost his residence and every stick of wood in his large yard. This was a tremendous set-back, but without a single complaint, he commenced practically at the bottom of the ladder, built a new residence and by careful management and honest business methods had become one of the progressive men of the county. During the serious fuel situation of the past winter, his advice was constantly sought by the administrators and in every instance his sound business suggestions have proved of the greatest value especially to the consumer of limited means.

Mr. Cullinan has been an Odd Fellow since he became of age and for many years has been an active member of the Norway chapter of the department and other organizations.

He is survived by his wife, who was Emma A. Newcomb of this town, a son Walter P., who has been assistant manager of the business for several years, a daughter, George W. bookkeeper for C. B. Cummings & Sons Co., two sisters, Annie, wife of Howard B. Young and Kate, wife of Lee M. Dunham of South Paris.

Services will be held in the late home Sunday afternoon at 2 o'clock with the Rev. Lodge I. O. O. F. in charge. It is expected Rev. Mr. Clark of the Methodist denomination, a boyhood chum and former room mate, will preside.

Browning Reading Club  
Charlotte Lovejoy entertained twenty-four members of the Browning Reading Club at her home, Monday evening, this was purely a social affair in place of the annual banquet of previous years, with no literary program. A guessing contest involving a dinner menu caused much hard thinking and considerable sport. Mrs. Nora Keane and Mrs. Lena Andrews secured the lists and Mrs. Jennie Foster won the booby prize. Pinning a tail on the donkey created fun. Mrs. Mary Cole made the best record and Nellie Andrews went the opposite extreme.

Mrs. Mary Cole led her party to victory over Annie Favors' forces in a spelling contest which taxed the nimble wits because of the novel method used to start a word. Mrs. Blanche Smith, who brought this victory was the best speller to remain unconquered. Ice cream and assorted cakes were served. Jennie Baker, Elsie Swan and the hostess was the committee who arranged this successful gathering.

The club has recently taken great interest in the Father and Mother Club Sewing Circle for French babes as conducted by the women in Massachusetts. Generous sums have been given and infants' clothing is being made for destitute babies. Complete plans for the maternity hospitals, being established in France under the direction of Dr. Eliza Ranson occupy considerable attention.

Another Red Cross Party  
The Red Cross has been urged to repeat its successful whist party and as the chapter needs the funds a second party will be given at the Opera House the night of April 11 under the direction of Miss Agnes J. Beal, chairman of the entertainment committee. All the proceeds from the party will be used in buying yarn. In addition to auction and whist there will be tables for Rook, seventy-five tables in all. The party on Washington's Birthday was a financial and social success and it is believed the coming entertainment will prove even more pleasing and acceptable.

Sam Isaacson of the Norway Junk Co. has started his customary collection trips into the country so far as roads will permit the use of wheels. Business has opened fine especially with metals, rubber and bags.

Mildred Noyes of Tilton Seminary, Tilton, N. H., is spending the ten day Easter vacation in town, the guest of Marion Gilson on Great street.

Israel Klein the shoe man of Berlin, N. H., was home with his family over Sunday.

Clarence W. Merrill has finished cutting cord wood for Almore Everett and is working about his premises on Water street.

Several car loads of the new sanitary caps have been received at the H. F. Webb Car Factory. These differ from the ordinary style as the caps are soft and without the use of acid or solder and endorsed by the Department of Agriculture. Several machines will be installed to handle this new system. The surplus empty caps from last season's pack are being shipped away.

Mr. and Mrs. Percy H. Nevers received word Saturday evening, from their son, Roland S. Nevers, who is with the Fifty-fourth Regiment, Artillery, that he was safe across. Lieut. Harold M. Allen, also of Norway, is with the company and made the trip at this time.

SOUTH PARIS

First Quota for Camp Devens  
The first Oxford County quota of Class 1 men in the second draft call left South Paris Tuesday morning for Camp Devens Ayer, Mass. Several hundred citizens gave them a royal send off with gifts, speeches, music and hearty cheers.

The seventeen draftees assembled at the Court House early and the Service League of South Paris distributed fruit, sweet chocolate, magazines and smokes. A procession was formed and the boys marched to the depot surrounded by a cheering crowd. Paris High School pupils with the teachers gathered in a body and gave with a will the school cheers, also singing, "Star Spangled Banner" and "Keep the Home Fires Burning" with other patriotic songs.

Speeches breathing true patriotism were made by Hon. Bertram G. McIntire of Waterford, chairman of the Oxford County Exemption Board and Hon. Arnes E. Stearns of Rumford, another member of the board. Local speakers who also voiced the sentiment of every real American were Walter L. Gray, esq., Alton C. Wheeler, esq., and Rev. C. Wellington Rogers of the Congregational church. The exercises were very impressive, every one realized the seriousness of this going away from good old Oxford County. The fortunes of war are uncertain and especially is this fact brought to our attention with the knowledge that as the conflict progresses its reality strikes nearer home each day.

List of names in the Company:  
James Merrill Perry, Rumford.  
John Hestarche, Roxbury.  
Carl Edward Shattuck, Rumford.  
Joseph Edward Mallet, Rumford.  
Jacob Astor Kistner, Norway.  
Claude Albert Goddard, Bellet.  
Alton Augustus Constant Belron.  
Foster L. Kneeland, North Fryeburg.  
Frank Arsenault, Mexico.  
Daniel McDougall, Rumford.  
Neil Dew Hartlow, Dixfield.  
Fred Walte Holman, Dixfield.  
Guy Leslie Knox, Canton.  
John Korvik, Mexico.  
Robert Schenk, Norway.  
William Archie Wallace, Rumford.  
Vendall Holman Knox, Fryeburg.

Town Officers Appointed  
The selectmen have appointed the following town officers:  
Constable—Joseph B. Cole, Harry M. Shaw, Leonard Chesley, Frank Webb.  
Dog constable—W. J. Wheeler.  
Seigniors—A. H. Chas. Curtis, Clarence L. Bidlon, Chas. E. Brett, Mrs. G. H. Porter, E. R. Penley, C. M. Johnson, Eva E. Walker, L. J. Russell, Raymond Russell, P. A. Walker, A. W. Walker, Percy Proctor, Leslie Cummings, Will Sweet.  
Keeper of weights and measures—Arthur E. Clark.  
Sixtons—E. I. Cummings, E. A. Dudley, Grace Thayer, John McPhee, W. O. Stevens, W. C. Stearns, O. D. Ellingwood, Carroll E. King, S. H. Davis, M. E. Emerson, Jones, E. L. Porter, Clayton A. Churchill, L. Ellingwood, Chas. B. Andrews, Benton L. Swift, John L. Ross, Harry C. Cole.  
Surveyors of wood and lumber—George W. F. R. Perkins, Fred L. Perkins, Leon L. Swallow, S. M. Brown, Leon Maxin, Alfred C. Perham, P. G. Lovering, John M. Murch, P. A. Walker, W. E. Keane, W. E. Chisham.  
Building Inspector—Geo. I. Burnham.  
Member Board of Health for three years—F. H. Packard, M. D.

Letters for basket ball at Paris High have been awarded Harold Campbell, Henry Wedderell, Frank McGinley, Willard Curtis, Roy Hammond, Gustave Porter, Mary Abbott, Amette Austin, Annie McPhee, Beryl Silver, Doris Kerr, Lillian Judkins, Edith Neving.  
Abel T. Hollis and Arthur B. Abbott, both of North Paris, were drawn as traverse jurors from Paris for the May term of court at Rumford.

Among those from out of town who attended the Silas L. Maxin, Mar. 27, were H. P. Austin, Bethel, Albert Watson, Gilead, Mr. and Mrs. Charles Pulsifer, Poland, Clark Wayland of Portland.

P. H. S. Lyceums  
Lyceums are being held at Paris High school and a feature attraction is the P. H. S. Journal called "The Tick and Tock of the Town." This Thursday evening the following program will be offered at the high school building:

The Seneca Club met Monday evening, with Mrs. Margaret Taylor and Mrs. Agnes L. Morton assisted in entertaining. The evening's program devoted to Domestic Science was as follows:  
Roll Call, Helpful Suggestions for Housework  
Mrs. J. B. Harriman, Mrs. Fannie Eastman  
System of Household Work and Economy of Time..... Mrs. Allen Allen  
The Dawning of Economic Consciousness..... Mrs. Gertrude Littlefield  
Discussion, Is it more economical to buy bread or make it for a small family?  
The Baster Sunday services in the four churches were largely attended. Four were received into membership at the Congregational church. At the Deering Memorial four candidates received the ordinance of baptism and seven united with the church.

A flock of thirty-two wild geese were seen flying north, Sunday afternoon.

Nine men left Monday morning for Buffalo, N. Y., to drive home by train for Ripley & Fletcher. This is the only way they can get the cars as the railroads cannot handle them as freight. The nine men are Stanley M. Wheeler, Carl P. Dunham, Clifton Dunham, Earl Dunham, Harold Campbell, Harold C. Fletcher, Guy F. Stevens, Ernest H. Nelson and Vernon Judkins. Richard Rogers accompanies the party and will come home with them as a passenger.

as I had time I would write you a letter. For the present I am stationed at the front, Divisional Headquarters, at Etat Major du Division as the French call it. I am here as a clerk from the regiment. My duties are not hard and my spare time I spend mostly in improving myself.

At present I am a few miles from the front, but we can hear easily if anything starts up there. Once in a while they send a few shells down near us, but so far no harm has been done.

It was rather funny afterwards, but the other day I passed a rather uncomfortable quarter of an hour. I was coming up the road pushing a bicycle as it was too muddy to ride, they started firing and a few shells fell rather close, I had to keep going as there was no shelter near, but I certainly hustled to get where I was going, I had to laugh over

for a while. Good night and good luck, with lots of love from your son, Francis.  
Feb. 22, 1918.

Received a letter from you and one from Mary tonight and perhaps I wasn't some glad to hear from you. Mary said she hadn't received any letters from me for quite a while. I should think that was funny because I have written to each of you every week.

I wasn't sick a mite with the mumps. I wrote a letter to you and one to Mary. I imagine if you got them you will get them in a lump.

I told you in my other letter that we had been in the front line, and I accounted for two of the devils and so did Francis. But don't know as you will receive it or not. Don't you worry a

## RENEWED TESTIMONY

No one in Norway who suffers backache, headaches, or distressing urinary ills can afford to ignore this Norway man's twice-told story. It is confirmed testimony that no Norway resident can doubt.

S. C. Foster, barber, Main St., says: "I have used Doan's Kidney Pills and I am only too glad to say to others I think they are the best of kidney medicines. Several years ago I had a little kidney trouble. I got Doan's Kidney Pills at F. P. Stone's Drug Store, and I was soon feeling all right again. I remained so for a long time, but later caught cold and my kidneys gave me trouble. I again took Doan's Kidney Pills and they gave me relief." (Statement given July 24, 1908.)

On June 6, 1916 Mr. Foster added: "I think as well of Doan's Kidney Pills to-day as when I first endorsed them. I use them occasionally, as I feel in need of them and I am always promptly benefited."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Foster had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

## SEND THE HOME PAPER

Keep the Soldier Boys Posted  
Many people have doubtless asked themselves the question: "Will my boy, if he is spared through the conflict, return to his home, or will he be content to remain in some other country or some other part of this country?" And this is a question we may all well ask. When this war is over there is going to be great inducement for our boys to settle down away from their homes and become citizens of other countries. The war will serve as a refiner, separating the dross from the pure gold, and the young man who comes through with honor untarnished will be eagerly sought to fill places of honor and trust.

Now we naturally are anxious that our boys do not forget the old home or become weaned from home associations. We want them to carry ever with them a vivid picture of the home joys and pleasures as they knew them before Uncle Sam called them to sterner duties. We want their allegiance to hold to the old home with all the old home stands for in their lives.

To this end, are we taking the right course to keep the memory of home ever green with them? You say you are writing regularly, and giving them all the news of interest you know. Yes, but this is probably but a drop in the bucket to what they would learn were they with us. Every boy should receive his home paper regularly. He should be able to catch every word to tell all that is transpiring back at home, and to have as it were a bird's-eye view of the social and business life of his home community. Home associations should never be permitted to fade from his memory but should be renewed with every issue of his home paper.

In numbers of communities the home paper is being sent to every soldier who has gone from that community, frequently through some public organization. No better action could be taken by a board of trade, commercial club, home defense organization or any other organization than to send each soldier his home paper for the duration of the war. It will show to the boys that not only have the folks at home not forgotten a single one of them, but they are also determined that not a single boy shall forget his home through their neglect to keep memories of that home ever green in his heart.

Every traveler is familiar with the news stands in all the principal cities of the country where a sign similar to this is displayed: "The Home Paper. We have the paper." And every traveler knows the thrill of pleasure with which he seized the old home sheet and lost himself in the familiar contents.

Whatever else your boy may be deprived of, be sure he has his home paper. It will pay well on the investment.

**FREE HIGH SCHOOLS**

One of the greatest privileges and blessings of the present day which our young people are permitted to enjoy, is the free high schools. Here the children of the rich and the poor share alike in the educational advantages offered to them.

Children from the humblest home where the limited income would make it impossible to send them to the high schools, can in our high schools have the best education that our State Educational Board can provide.

From the High School they can enter College, or, if circumstances prevent them going on with college course, they find themselves very well fitted to take up the battle of life, with a good prospect of success in such line of effort as they may choose.

The great advantage of this, to families of limited means, is that the expense of this education is provided for by the State and Town school funds. The education is free, the text books are free, and there are no little petty taxes for this and that which were required in the old Academies of the past system.

In some towns, today we find an old Academy which has had its glory and honor in the past, and from which many noble boys and girls have gone out into the world, made an honorable place for themselves, and by their work have reflected honor upon the institution, which in their day, fitted them for their life work. But these institutions have had their day, and are out of date, they are not up to the standard of the present Free High School, supported by the state.

Yet there are some towns, where one of these old Academies still is struggling for life, in which the citizens try to get the benefit of a high school education for their children, and for that purpose turn over the town and state school fund to this old institution, expecting it to fill the place of a Town High School, which it cannot. First it proves an expensive matter for the parents, for they are taxed for text books, for use of Academy library, for laboratory, for basket ball, and for this that or the other, and at the end of the year parents find that the expense has been from \$25 to \$75, and sometimes \$100, for each pupil, and where there are two or three children of the age to attend that grade of school, the expense becomes prohibitive and as a result it is decided to send only one of the children through the course, or divide the expense by sending each part way through, and letting it stop there.

If there were a free high school all the children could have the full course, with none of this expense for the parents, or practically none. Then in another thing that should not be lost sight of, it is difficult even in this late day to find one of these old Academies where there is not left a tinge of religious bigotry, in some teacher or Professor, who urges and sometimes insists that students attending the Academy, must attend the Academy church, and if the students do not, they have not had a fair and honorable chance, and sometimes have been real merit on the part of the pupil, not even honorable mention is made of them in the final reports.

It is a question how much longer the people are to be fooled in this way, losing the benefits which the state provides for the education of their children, at the lowest possible expense. Why not buy out the old institution, and convert it into a regular Town High School or use some school building already owned by the town, and with little expense can be fitted up for the purpose.

Usually these towns are putting as much of the School money into the old institution as it would cost to run a good high school, and are getting nothing in return equal to what they would have if the same amount was expended for a town high school.

A progressive town, up to date, ought not to do less than this. The time is not far distant when the state will enact a law forbidding the use of school funds for any purpose but for strictly town, public schools. Here is food for thought.

**LIVING VOICES SOUND ANEW THE CALL TO ARMS**

Statesmen, Warriors, Men and Women of note in many fields of activity will speak in their own tones to audiences in every city, town and hamlet of the United States.

There will soon be sounded, throughout the United States, a new and inspiring note of patriotic appeal.

The leaders of this nation and its allies, the men and women whose hearts and minds and very souls are devoted today to the cause of world freedom, are to speak not only in their own words, but in their own voices, to the "hundred million army" of Americans at home.

Gathered together in theatres, hotels, clubs, schoolhouses, churches, chambers of commerce, labor unions, Y. M. C. A. headquarters, K. of C. rooms and other meeting places, a hundred thousand people may listen in one evening to addresses by such speakers as Secretaries McAdoo, Lansing, Baker, Daniels, Lane and Houston, Senators Borah, Harding, Lodge and Lewis, Champ Clark, Samuel Gompers, Herbert Hoover, Frank A. Vandenberg, Otto H. Kahn, Wm. H. Taft, Ex-Ambassador Gerard, Wm. J. Bryan, Anna Howard Shaw and others foremost in this country's war activities.

They will hear General Pershing, and the voices of such foreign notables as President Poincare, General Joffre, General Petain, Premier Clemenceau and Rene Viviani in France, Lloyd George, Asquith, Northcliffe, Churchill, General Haig, Admiral Beatty and Sir Edward Carson in England, D'Annunzio and Marconi in Italy, and King Albert of the Belgians.

Back of this tremendous campaign of direct appeal to America's millions in the Nation's Forum, recently organized by Guy Goltzman, a St. Louis attorney, who is now in the east in behalf of the Forum's activities. His plan is, briefly, the recording, by phonographic process, of five-minute addresses by noted men and women, and the delivering of these addresses, with every tone and inflection of the speaker, through the medium of especially manufactured talking machines.

Mr. Goltzman's project has the active co-operation of the Cereal Committee on Public Information. Records have already been made by Secretaries McAdoo, Daniels, Baker and Lane, Frank A. Vandenberg, Samuel Gompers, Senators Harding and Lewis, Speaker Champ Clark, and Ex-Ambassador Gerard.

The scope of the Forum is of the broadest. Addresses on War Savings, Stamps, Liberty Bonds, food conservation, fuel conditions and other topics of public interest and importance will be made by speakers whose voices as well as their words will carry authority. The reverse side of each record will carry a selection of patriotic music.

The "master records" of the utterances of men and women of eminence, made on plates of steel, will be preserved for all time in archives at Washington.

USELESSNESS OF WANT

The fear frequently expressed that this country may come to want should be perfectly useless fear. There is no logical reason in the United States should not produce ample for her own wants and the needs of her allies. We have the land upon which to grow the crops and a climate that renders anything approaching a crop failure an impossibility. All that remains is for the American people to apply themselves to the task.

But it is at this point that the trouble arises. For several decades now the people have been gradually deserting agriculture for the industrial pursuits. Agriculture has been at a discount and the farmer regarded as of somewhat inferior class. Thousands of young men, if not trained in the professions, adopted the mechanical trades till the farms have become almost deserted. The result was that the land was not properly cultivated, and the industrial ranks were unduly swelled at the same time. Nothing save the overabundance of mechanical labor is responsible for the great labor disturbance of the past half century. Labor in any line, when it becomes too plentiful, must either resort to competition or union in order to survive. In this instance in those union, and the results we have seen.

From this time on, there should be a systematic effort on the part of the labor unions to curtail the number of recruits to their ranks. Young men should be discouraged from deserting the farms to engage in the trades. The farms need them and should have them. There is room for several millions more young men on the farms of this country, and then the land would not be overcrowded.

A more equitable distribution of labor would result in great good to all parties concerned. The farms would benefit by the added forces, while the trades would benefit no less by the withdrawal of a surplus of labor that is an endless source of trouble and strife.

We have reached a point when a great readjustment of labor is imperative.

**SOUTH HIRAM**

Mr. and Mrs. Harold Day are soon to move into the rent recently vacated by the Frank Grindell family.

Mr. and Mrs. Curtis Stanley and Miss Maude Weeks spent the day, Thursday, in Portland.

The children of South Hiram have finished making the squares 5x5 inches, necessary for the afghan. Mrs. Alice Libby has sewed them together. It is very pretty and remarkably well done for small children just learning to knit. Gladys Durgin, a miss of twelve years, has been very eager to do her bit. Knitting all the spare time she had and together with what a few friends helped her, she has contributed 54 squares. The afghan is composed of 165 squares, most of the yarn was given the children and their little fingers have knit very busily to get it ready to send to the boys "over there."

**HARBOR**

Mrs. Herbert Hurd was in Portland over Sunday with her son Archie, who is there studying music and has recently got a position as organist at the Universalist Church, corner of Congress and India streets.

Roscoe Thompson run his car down from the garage at North Conway the other morning.

## Your Elixir Saved My Life

Words of a Maine Man  
Henry O. Hanley of 17 Cross street, Belfast, Maine, writes us: "I am feeling lots better and thank you for your Elixir (Dr. True's Elixir) saved my life."  
Dr. True's Elixir is a great medicine, a Family Laxative and Worm Expeller. It tones the stomach, moves the bowels and expels worms. Surprising it is how many people have worms. Children suffer from worms. Signs or symptoms of worms are: Deranged stomach, swollen upper lips, sour stomach, offensive breath, hard and full bowels with occasional griping and pain about the navel, pale face of leaden tint, eyes heavy and dull, twitching eyelids, itching of the nose, itching of the rectum, short dry cough, grinding of the teeth, little red points sticking out on tongue, starting during sleep, slow fever. The cost is small. It expels worms and restores health. In Boston, Dr. Laxative made for young or old. Millions have used it. On the Dr. J. F. True & Co. market, 60 years ago. Auburn, Maine 60c. \$1. ### PORTER

Saw Mill Burned  
The saw mill owned by the Sokolis Lumber Co. of Kezar Falls, which was in operation on Frank L. Mason's timber was destroyed by fire on Friday evening, March 22. The fire started about six o'clock after all the men had left for the night. It was discovered by a few of the men who boarded nearby. They ran to the mill, but the fire had gained such a headway that the men couldn't stop it. No exact cause is known, but it is thought that the fire caught from hot ashes. It would have taken two or three weeks longer to finish saving the timber. They will cut no more timber on that lot for the present. What timber that is already cut will be hauled to the Sokolis mill at Kezar Falls.

John A. Cartland and family have been suffering with the grip. Sheridan Fox has been hauling lumber for Mr. Cartland. Mrs. Moses J. Chapman, who entered the Conway hospital a short time ago, has undergone an operation and is recovering rapidly. Samuel Westcott is doing Olin Bank's chores while Mr. and Mrs. Banks are visiting relatives in Boston. Albert Gilpatrick is helping Moses Chapman haul and boil sap. Ernest Durgin is skidding timber on the Elias Garland lot for H. H. Riddell and is boarding with Frank Pentexter. There are a number of measles cases in this vicinity.

### LOVELL

Red Cross  
The Lovell Auxiliary of the American Red Cross is now the Lovell Branch of the Southern Oxford County Chapter. A meeting of the Lovell Branch was held at Lovell village library on March 20th, and it was voted that the present officers hold office until July 20, 1918. The secretary's report for the past seven months was read and it was estimated that the Lovell Branch had sent 313 pairs socks, 260 pairs wristlets, 149 sweaters, 30 mufflers, 30 helmets, 122 surgical shirts, 26 pairs pajamas, 18 pairs operating leggings, 3 infant outfits, besides many other articles. Mrs. Geo. Smith of Lovell village has knitted 23 pairs socks, Mrs. Fannie Andrews of North Lovell, 20 pairs and Mrs. Alonzo Lord of West Lovell, 33 pairs. Rev. Geo. Smith made a very fine impromptu address at the meeting, which was greatly appreciated. Great credit is due all the members of our Red Cross Branch. All are working with enthusiasm and expending every effort to further the cause. If you are not already a member join now, and add your effort. We want every man and woman in Lovell to be a member.

### MONEY VALUE OF EDUCATION

A very interesting Government Bulletin has been sent out recently which tells in a convincing way of the money value of an education. All the arguments are founded upon facts and figures. It goes on to show how education increases productive power. Massachusetts gave her citizens 7 years' schooling. The United States gave her citizens 4.4 years' schooling. Tennessee gave her citizens 3 years' schooling. Massachusetts citizens produced per capita \$250 per year in 1899; those of the United States \$170 per year; those of Tennessee \$116 per year. In the same year Massachusetts spent \$28.55 per pupil on education. Tennessee spent \$4.68 per pupil during the same year. That year Massachusetts's citizens produced on the average \$144 more than did the citizens of Tennessee. The difference of more than four hundred million dollars. If Massachusetts gives 12 million dollars more to her schools and her better educated citizens produce 403 million dollars more per year, how much profit does that state make on her investment in education? Is education charity or is it a paying investment?

Among the distinguished men of America 21 out of 5 million attained distinction without education. With elementary schooling of 23 million, 808 attained distinction. Those with a high school education, out of 2 million, 1245 attained distinction. Out of one million college men 5793 attained distinction. The child with no schooling has one chance in 150,000 of performing distinguished service; with an elementary education he has four times the chance; with high school education, 87 times the chance; with a college education he has 800 times the chance. What is your child's chance?

Less than 1 per cent. of American men are college graduates, yet this 1 per cent. has furnished 55 per cent. of our presidents; 36 per cent. of the members of Congress; 47 per cent. of the speakers of the House; 51 per cent. of the vice presidents; 62 per cent. of the secretaries of State; 69 per cent. of the Justices of the Supreme Court. 50 per cent. of the men composing the constitutional convention were college bred.

Proof is given which shows that every day spent in school pays the child \$9.00. Uneducated laborers earn on the average \$5.00 per year for 40 years, a total of \$200.00. High school graduates earn on the average \$10.00 per year for 40 years, a total of \$400.00. This education requires 12 years of school of 180 days each, a total of 2160 days. If 2160 days at school add \$200.00 to the income for life, then each day at school adds \$9.02. Consequently the child that stays out of school to earn less than \$9.00 a day is losing money, not making it.

The educated mind is the greatest producing agency in the world. Without which fertile soil, timbered land and mineral deposits are but so much useless material. The state that fails to educate dooms its children to industrial subjugation by those from states that educate. More than once have natives lost their land from lack of education.

## THE WAR, THE FARM AND THE FARMER

By Herbert Quick

Since the dawn of history the farmer has been the man who suffers most from war. All that he possesses lies out of doors in plain sight, and is spoil of war—his house, his grain, his livestock. But the farmer everywhere is a warrior when war is the only thing which will make and keep him free—either a warrior or a serf. He is sometimes the last to heat up; but he stays hot, and in a long fight he is always found sturdily carrying the battle across. No Man's Land to the foe, in the last grim struggle.

This war was at first hard to understand. No armed foe invaded the United States. The night skies were not reddened by the burning byres and farmsteads of America. No raiding parties harried us of our cattle or horses. No sabre-rattlers insulted our women. We did not then know that a monster had arisen with a thousand arms, who could reach across the seas and take from us three-fourths of everything we grew without our being aware of it, and who could follow up his robbery with invasion, subjugation and national death.

What the Imperial German government offered the farmers of America in its ruthless submarine warfare was not the loss of profits, but slavery to the sabre-rattlers of Potsdam, by murdering the people who take our products to market. By all the laws of civilized warfare commerce under a neutral flag was free from any hindrance except the legal interference justified by war; but the Germans, not only stopped merchant vessels, they sunk them without warning and without trace.

Having the right, according to the laws of war, to take the sea with his fleet and fight the thing out gun to gun, but being afraid to do so for fear he might lose his fleet, or unable to stop the selling of our products to his enemies or to open his own ports to us by fair means, he declared his intention to do it by the foulest methods ever resorted to in war.

To have submitted would have cost us dear in prosperity; but that would have been the least of our loss. By so doing we should have accepted degradation. We should have accepted, at the behest of a half crazed autocrat in Europe, a lower standard of living in America. We should have basely yielded up our birthright as Americans. Peace at such a price would not be peace, but only a preparation for a future revolt against subjugation. Better any sort of war, better war forever than that!

This, then, is the war in which we are fighting. Whenever the time comes for new sacrifices, let us remember that we fight not only for the liberty of the Belgians, the French, the Serbians, the Russians, the British, the Montenegrins, the Roumanians, the Italians, but of all nations, even of the German people themselves; and most of all, for our own liberties—for our freedom today! There is loss and sacrifice in the war; but there would have been far more in accepting the German terms. We should have lost more in money than we shall spend in the war; and something far more precious than money—our souls!

This is the crucial year of the war. Our soldiers—hundreds of thousands of them—are in the trenches, and a million more are ready to go. The whole burden of carrying on our own part in the war, and of aiding our sister nations in arms, rests on the United States Treasury. Therefore every cent we can raise and scrape together belongs to the Treasury, that our boys may come back to us victorious. We can whip the Germans, not with the money in our pockets or our bank accounts, but with what we put into the Treasury in subscriptions to Liberty Bonds!

Never since the Turks threatened to overwhelm Europe, perhaps not even then, was the world in such danger as now. Germany is not yet defeated. We must defeat her this year. We must withhold nothing from the support of the war. We must give our sons. We must bring forth food in abundance, multiplying our labor to that end. We must give into the Treasury of the United States, in subscriptions to Liberty Bonds, every cent we can spare.

This summer the support of the war is up to the farmers; and Uncle Sam has never called upon the farmers in vain.

### WHY WE FIGHT.

"You are called into this great service of your country not only for the purpose of maintaining the ideals for which America has always stood—democracy and freedom, and to keep the torch of Liberty burning throughout the world—but also for this more immediate object, the protection of our national rights and the democratic institutions handed down to us as the result of the valor and blood of our ancestors. Those are the things for which you fight." From Secretary McAdoo's Address to Men of the National Army.

We print maple syrup labels. Do you need any? If so, send order in early.

## Every Soldier Leaves His Job Behind

Every scrap of work that was done by men now in the trenches or camps is passed on to us who stay at home. We not only have to do their former work, but we have to take on additional work to keep them fit to fight.

We are getting better pay for our services than ever before. It is true that it costs more to live. But it is also true that no people ever went through a war for their lives without having to put up with certain hardships.

Most men have thought this all out and are ready to do—not as they have done in the past—but anything more that must be done to win.

We are all equally concerned. We must all get busy and stay busy to save ourselves. We must work harder than ever before, and on top of that we must save more than ever before.

Europe has raised billions by selling us back our securities and borrowing money of us. We have no foreign securities to sell, nor any foreign country to borrow from. We must save our money to provide funds for the Government and for ourselves.

The time to swat the fly has come. Every fly killed now will save a wholesale slaughter later on. Manure and other breeding places should be covered or destroyed and flies prevented from developing. A little care in the spring may save much trouble, annoyance and sickness later on.

### WATERFORD

#### Third Liberty Loan

To the inhabitants of Waterford and Sweden:

I would like to ask your hearty cooperation and support in this coming drive for the Third Liberty Loan. Let us do our bit and make this district "come over the top" so as to fly an honor flag amongst the first. Although you may be receiving a larger percentage on your savings, do you realize that the soldier gives all, while all that is asked of you is part. I will be pleased to give any information and to supply application cards, so all together April 6th for the Third Liberty Loan!

W. W. Fillebrown,  
Local Liberty Loan Chairman.

C. D. Morse is building a piazza on the eastern side of his house. Mr. Fillebrown and family have moved back from the store room where they spent the winter, to the house.

E. L. Stone is making maple syrup. He does not own up to having produced much, but we will wager he has beaten the Advertiser editor with his "telephone pole wood chop." Sankara must be in the wood-alcohol business.

Mary Morse has taken a position in the office of Dr. Libby of Lewiston.

Mary Rounds was home from school duties in Milton, Mass., last week.

Dr. A. J. Stimpson was in Portland, Thursday to Saturday of last week.

George C. Wheeler left last week, Thursday, for Chatham, New Jersey, to visit his brother, Calvin Wheeler.

Mrs. Melissa B. Sias, who spent the winter with her son, Rev. G. W. Sias, returned to New York State, Thursday.

Carrie L. Plummer is spending some time with relatives in Bridgton.

School began in the Flat schoolhouse Monday, with Harriett Smith as teacher.

Auditorium Opened

After holding services in the vestry during the winter, the church was reopened on Easter Sunday and a service of worship was held at 10:30 a. m. with special music and appropriate sermon, after which followed Sunday School and then a box lunch in the vestry where hot coffee was served.

At 2 p. m. the cantata "America's Easter Guest or the Cross Beside the Flag" was presented. The parts were represented as follows:

America.....Margaret M. Sias  
Christ.....Ethel M. Sias  
Liberty.....Katherine A. Stone  
Hope.....Charlotte M. Fillebrown  
Peace.....Edith G. Millett  
Mercy.....Eloise F. Millett

Agnes R. Plummer

Agnes R. Plummer passed from this life March 23 at her home in this village.

She was born on Plummer Hill about one mile from here June 16, 1863, being the daughter of Joel and Frances Wheeler Plummer. She received her education in the schools of the town, there being in those days a free high school maintained in South Waterford for short periods, which she attended. She was also in Bridgton Academy for a short time and graduated from the Gorham Normal School, making teaching her life work.

She taught in Veazey, Bridgton and nearby towns and for ten years previous to her death was the teacher of the school in this place.

She was a member of the First Congregational Church and a constant attendant upon its services and for a number of years the superintendent of the Sunday School. She was also the president of the Circle and treasurer of the Eastern Star and interested in all that concerned the welfare of the community.

Funeral services were held at the home on Tuesday March 26, Rev. G. W. Sias officiating, assisted by Rev. C. N. Elio-poulos of North Waterford. Among those present from out of town were Mrs. Mellin Plummer, Mr. and Mrs. Carl Plummer, Mr. and Mrs. John Hamblen of Bridgton, Mrs. A. S. Kimball, Jennie Baker of Norway and Mrs. Bertha Adams of Palmer, Mass. Interment was made in Elm Vale Cemetery. Miss Plummer is survived by a sister, Carrie L., who resided with her and three uncles, Melvin Plummer of Bridgton, George C. Wheeler of this place and Calvin Wheeler of Chatham, N. J.

Plummer Hill

Elizabeth Millett is visiting her friend Lulu Wentworth, of Blackguard.

Alice Baker and daughter Eleanor returned home the first of the week, after making her sister, Eunice Durgin and family of Sweden, a visit.

Elwyn Millett is helping Clarence Wiggin open the summer road. There are some pretty big drifts to shovel.

Lauris Millett has gone to spend the week with his brother, Raymond, and family.

Harold Millett has finished work at Morse's mill and is now helping Ned Stone saw wood with his gasoline engine.

Mrs. Etta Whitcomb is spending a few weeks with Mrs. Isabelle Whitcomb, at her home here.

Walter Cross has moved his furniture to Bridgton, where he is going to work. Mr. Cross and wife go as soon as the new overcoat comes to the town farm.

Edith Millett commenced her school April 1st. She teaches the primary grade at North Waterford.

THE PEQUAWKET TRAIL

Fryeburg voted Saturday to raise \$3,000, vote 91 in favor, 59 opposed. Of the sum to be furnished by this town, \$1200 will be raised by taxation and \$1800 will be secured on town notes.

After voting to raise the money, the action taken at the regular town meeting whereby \$600 was raised for State road work, was rescinded. T. L. Eastman was elected town auditor, the town having failed to choose one on the first Monday in March.

Brownfield in special town meeting Saturday, voted 110 to 35 in favor of the Pequawket Trail, making Fryeburg the terminal and raised \$2,665 for the road. Hiram voted unanimously for the Fryeburg terminal.

SHORTEN THE WAR

The sooner the irresistible might of this great Republic is organized and put into full action the sooner the war will end. Every dollar invested in Government securities works to shorten the war, to save the lives of American soldiers and sailors.

Buy Liberty Bonds.

Hang Out Your Flags

April 6, 1917 the United States declared war on Germany. April 6, 1918 the third Liberty Loan drive will start. Everybody who has an American Flag should display it that day. Please bring out the flag.

### NORTH WATERFORD

The Red Cross had a social and entertainment Wednesday night.

There was a good gathering at the Grange supper and a very interesting program was given.

Mrs. Ethel Lovejoy and daughter Helen were at her parental home in Albany on Wednesday last week. Leon and stayed a few days last week. Leon Lovejoy visited Willis Littlefield a few days at Bismectown.

Donald Rice of Norway visited his sister, Mrs. Will Ray and attended the Grange time and played the violin and took part in a tableau.

Eugene Lovejoy is boarding at home now and still works at Durgin's mill at Bismectown.

John Grover dropped a stitch in his back a few days ago, so was laid up, but now is able to get out again.

George Hobson has been giving his house a coat of white paint with green trimmings. It looks very nice.

Schools opened here Monday with Eugene Hunt, Grammar room and Edith Millett, primary. Miss Millett boards with her aunt, Mrs. Alphonzo Charles, Bismectown.

Mrs. Herbert Lord and daughter Barbara and Phyllis Savin visited at Leslie Hobson's one day last week.

Freeman Stanley and Adelbert Pen-nock went to Bethel, Monday.

Visit Sugar Orchard

One of the most enjoyable days was spent Tuesday at Flint Brothers' sugar orchard. Effie Lord, Annie Hazleton, Mary Dresser, Ethel Lovejoy and Phyllis Savin were there and all had a fill of Flint's very nice syrup. In the afternoon they were joined by Mr. and Mrs. Leslie Hobson and daughter and Rilla Marston. Some of the syrup was made into sheep skins and served on snow that was delicious. Music was furnished on a Grafonola and quite a number of interesting snap-shots were taken of the party, and all received an invitation to visit them there next year.

School will open here next Monday with the same teacher, Phyllis Savin.

The McIntires are having their pine on the side of Pappoose Pond cut and will be saved at Durgin's mill near it.

BETHEL

Songo Road

Mr. and Mrs. Lawrence Knights of Harrison are at work for George Hapgood of Bethel.

Harry Churchill and Carl Upton helped Hapgood Bros. shored out the big drifts in the hill by the Burhoe place Monday.

Violet Upton is the proud owner of a pair of rubber boots, also two bantam hens which are laying every day.

Every one around here is doing his bit toward making maple syrup, there being no frost in the ground the season will be short.

A. B. Kimball is busy sawing wood for the neighbors with his engine.

Byron Cummings and wife who have spent the winter here at Songo, have returned to Abington, Mass., where Mr. Cummings has a job on the ice cart for the season.

W. I. Beckler and wife returned from Shelburne, N. H., Monday, where they have been at work for the past winter.

Joseph Kimball of Stark, N. H., was at Millard Clough's, Monday.

The first wagon appeared out between here and Bethel, April 2. Some snow yet, but better wheeling than sleighing.

George Hapgood lost a valuable three year old heifer last week from stoppage of the stomach.

Grover Hill

Mrs. Hart from Milan, N. H., was in town the week end to see her mother Mrs. Morse.

Mr. and Mrs. F. E. Wheeler and son Earlyn from Bethel were guests at A. B. Grover's, Sunday.

F. I. Bean of Mason collector for the Mason & Grover Hill Telephone Co., was in the place Saturday.

Marian and Eleanor Jordan of Mechanic Falls, who have been with their aunt, Mrs. M. F. Tyler, the past week, are to have another week's vacation, as high school does not open until April 8, with Merle Jones Munson, principal.

Mr. and Mrs. Harry Hutchinson and daughter Dorothy from Bethel were guests at "Pleasant View Farm," Sunday.

Adelmar Spargns is with his grand-aunt, Rachel Mayberry, for a few weeks. Alton and Edwin Hutchinson are making maple syrup.

Mrs. Ella Lyon from Bethel was the week end guest of her daughter, Mrs. Mildred Lyon and family.

G. B. McAllister has traded a cow for a calf.

Walter and Vernon Browne from Bethel village enjoyed last week with their uncle, True Browne, at the farm.

T. J. Browne has captured a pair of coons. The little animals seem to enjoy captivity with plenty to eat and a cozy place in which to sleep.

MILTON PLANTATION

C. D. Purington and daughter, Persis, were in the place on business, first of the week.

Clarence E. Jackson has received news of his sister's death, which occurred last week at her late home in Andover. She was Lizzie Hughes. The remains were taken to Rumford and placed in a tomb to await burial in Abbott's Mills cemetery.

Clara Jackson and Hazel Coffin have returned to their school work.

W. S. Millett and family visited at Mrs. Sarah Buck's, Sunday.

Mr. and Mrs. Chas. Wilson have returned from their winter's work at Pittsburg, N. H. They have some talk of buying C. D. Purington's residence.

Mrs. John Brown, who has been caring for her father, Daniel Estes of Hamlin's Gore, has returned home.

B. C. Gammon is working at Bryant's Pond.

Mr. and Mrs. Clinton S. Buck were at John Brown's, Sunday.

TEACHER SHORTAGE

The present indications are that there will be a shortage of teachers in September and from 1900 to 2000 will be needed to supply the demand. Many teachers have taken other positions for year around work. There is a national call for an increase in the teachers' wages, which will be hard to meet at this time, but is being done gradually.

It is hoped that many of our most promising young people who have graduated from our high schools and academies and who will graduate this year may be induced to enter this important branch of our country's service. This is a patriotic duty and those who accept the call will be helping not only to win the war, but to preserve our free institutions when war is over.

## NORWAY AND VICINITY.

Dr. Bradbury: "Sick eh! What's the matter and where have you been and what have you been doing?" Don Partridge groaned and twisted and admitted setting through Roosevelt's recent speech in Portland and whereas the good doctor said: "You have a good and sufficient reason for being sick!" He administered an antidote and Don's condition is improving.

"I've got furniture packed away in my barns that's been there 8 and 10 years and I don't know what to do."—J. O. Crocker. Poor man let me suggest he advertise in this paper or call in the Red Cross sisters.

Bert Rich really looks dressed up in his long legged white boots.

Parsnips weighing three-fourths of a pound and three and one-half inches in diameter are the kind that don't harden raises. Judging from the products from his garden and the bumper crops, he would doubtless have made a successful agriculturist on a larger scale.

Fred Banks, now working in Norway, is so far recovered from a dislocated ankle received March 20 at roller skating party at South Paris, as to be able to visit his parents in Auburn over Easter. Mrs. A. L. Harriman returned from Portland, Thursday, where she had been spending several days.

Margaret Dwyer of Gorham is visiting her sister, Mrs. Walter Terrill.

The nurses who have been caring for Eleanor Smith and Mrs. Elizabeth Crocker, have returned to Lewiston. Both Miss Smith and Mrs. Crocker are getting along well.

Mrs. Charles Carroll, who has been at Newburyport a few weeks on account of the illness of her mother, has returned. Her father and mother, Mr. and Mrs. George F. Joslin, accompanied her, and they will keep house in one of the Woodman rents on Deering street.

Mr. and Mrs. Charles F. Ridlon were in Portland Thursday on business.

The millinery opening at Miss H. M. Taylor's was on Friday and Saturday. She had a large sale, the warmer weather reminding the ladies that summer hats are already very near. This season's hats are built along becoming lines, and the trimmings fit the hats and the wearers.

The Browning Reading Club will meet Monday evening with Mrs. Lena French. The program will include roll call with current events, "Elly Baxter's Letters" will be read by Mrs. Bertha Evers and "Letters from an Irish Woman" will be read by Mrs. Maggie Libby.

Mrs. Ginton S. Massee of Ayer, Mass. has been spending a few days in town, reminding the ladies that summer hats are already very near. This season's hats are built along becoming lines, and the trimmings fit the hats and the wearers.

Gardner Bartlett, who was born in Bethel, worked in Norway in 1886 in the tannery and in Bines' bakery, and is now working on a farm in West Gardiner, was in town recently looking up acquaintances.

Charles E. Gammon: "The boy has some 200 trees tapped and is making some syrup. The trees are in the Dunham woods. Mate Gammon is able to get to the barn and look after the stock."

## Norway Town Clock Changed Saturday

The "Daylight Saving Plan" started officially in Norway at 5:22 Saturday afternoon when Eugene C. Libby, who is guardian over the town clock made the change after concluding his weekly "grind" in the tower.

A large group of interested spectators lined Main street long before the hour announced for the change, and remained steadfast until the hands advanced. Although the principal timepiece was ahead of the official schedule, it failed to upset business or knock out the usual Saturday evening engagements by an additional stroke each hour.

## Notes From Marilla M. Ricker

"I see Dr. F. H. Cummings of Portland has 'sat down on me' from the top of the house because I've told some truth about Ananias Teddy. Do you 'know him' I don't, but am not afraid."

"I thought Ananias made an ordinary speech in Portland. I saw nothing about Bill Hayes, the new National Chairman."

Boston papers have a picture of Teddy holding his latest grandson in his arms. I think he'd make a better nurse than President. He is coming here soon to make a great speech."

Once more, after an absence of about three months, the electric cars have commenced running. The tracks have been cleared of snow and ice and the rumble of the car wheels and the clang of the bell is a most welcome sound. Giles Frost is the man running most of the time at present.

Katherine Jones, who attends Bates College, is spending the Easter vacation with her parents, Mr. and Mrs. W. F. Jones.

Mrs. Alice R. Danforth has been spending a few days with her sister, Mrs. H. P. Brown at the Center.

Mrs. A. W. Jenkins who has been spending the past three weeks with relatives in town, has returned to her home in Upton.

Mr. and Mrs. George Ayer, who had charge of the town farm the past year, will carry on the farm for the coming year.

Elgin Greenleaf plans to go to his camp at Sugar Island, Moosehead Lake, about the middle of April. Charles Adams of East Stoneham will be the cook this season. Mrs. Greenleaf will remain at home until later in the season when the ice is out.

Mr. and Mrs. George F. Hathaway went to Portland Monday night, Mr. Hathaway having been called on the Grand Jury.

Mrs. Florence Whitcomb Fuller of Bridgton is stopping with her cousin, Mrs. James Shedd. Mrs. Fuller lived in Norway for about 30 years, moving to Bridgton about 18 years ago.

Stella and Helen Pike have gone to their summer home at Old Orchard for the summer.

Mrs. Dennis Pike, who has been at the St. Albans hospital, St. Albans, Vermont, for surgery and treatment, has returned home much improved in health.

Mrs. Fred Moffatt and son Kenneth of Dorchester, Mass., have been spending a week with Emma J. Smith of Main street.

Mr. and Mrs. Hall R. Eaton and son Sargent of Bangor came Saturday and are spending the week with Mrs. Eaton's parents, Mr. and Mrs. Charles H. Sargent.

Vivian W. Hills was called to Warren, last of the week by the illness of his father, Warren B. Hills.

Mrs. Maud Mann has stored her household goods having given up her rent in the Smith house on Deering street and is visiting Mrs. L. L. Richards at South Paris. She is going to work out keeping house.

Cynthia Vickery of Bangor and Walter Swett of Portland have been recent guests of Marston Smith.

Dr. H. P. Jones, Albert J. Stearns, Dennis Pike, Stuart W. Goodwin, Donald B. Partridge and Simeon Harriman attended the Republican Convention at Portland.

S. W. Goodwin left for Bridgeport, Conn., last Saturday and will be absent a week. His wife is visiting there.

Mrs. Charles Buswell has been spending a few days with her daughter, Mrs. A. I. Millett, in Auburn.

Albert L. Clark went to Lewiston Tuesday, where the X-ray was used on his broken ankle and it is found to be in fine condition. Mrs. Clark, Robert F. Bickford and Arthur R. Buswell accompanied him to Lewiston. He returned Friday.

C. W. Smith has a new attractive sign at his Blacksmith shop on Main street. A large horse-shoe and several ornaments including a small metal U. S. flag make the combination.

Shorty Cook is quoted as saying that George W. Carter is building an eighteen foot "sloven" ladder. We are unable to enlighten the reader or describe the article except that very crooked material is being used which may suggest the application of "sloven."

Teamsters who came to the head of Main street want a sufficient amount of water in the tub to water their horses, but for some time only a small amount could be had for some unknown reason. One man drove into town and nearly back to Waterford before he could water his horses. Why isn't the tub allowed to fill up?

There will be a dance in Grange Hall Tuesday night. Music by Shaw and Constant.

Donald Rice is spending a part of his vacation with his sister, Mrs. William Ray, at North Waterford.

Albert Brown Skinner, son of Mrs. Charles Bell, has come to live with his grandfather, Albert Brown, at North Waterford.

Myrtle Haskell of Auburn was a week end guest of her parents, Mr. and Mrs. Frank Haskell of Pleasant street.

## Bouldie Defended Champion Belt

Kid Bouldie of Rochester, N. Y., won easily over Kid Dionne of Lewiston in a three round wrestling bout at Norway Opera House, Thursday evening, Mar. 28. This was a challenge match by Kid Dionne, who wished to copy the New England lightweight championship and belt held by Kid Bouldie. Bouldie won the first fall in 19-1-2 minutes, the third in 45 minutes, Kid Dionne secured the second round in 11-1-2 minutes. Homer Truman was referee and Mickey Welch timekeeper.

The bill opened fast and the show moved along in a breezy manner, with Bouldie the aggressor during the first round. Some rough stuff was pulled while playing for wind but in the light of later happenings this was grand stand play. On the whole the supposed championship show divided into an exhibition with the winner picked before hand. Manager Stairs was ignorant of the inside dope until an easy fall in the second round convinced all that the show would develop no fight and the belt would never change hands.

The curtain raiser before the main show proved the redeeming feature of the evening. In the preliminary Kid (Arthur) Ham in 7-1-2 and 6-1-2 minutes. During the semi-final Kid (Albert) Payne of Norway and Young Dionne of Lewiston went a fast exhibition. Dionne secured the first fall in 13-1-2 minutes, Payne captured the next in 11 minutes, but the third was declared a draw. Referee Bouldie after a twenty minute trial, notified wrestler gaining any winning, notified Young Dionne is a brother of Kid Dionne and a nimble wrestler. He played a very him every minute frequently showing superior strength. The Lewiston youth was highly trained with frequently spraggle posing, but was unable to lay out for a win the less sensational Norway Kid.

## Sent Large Red Cross Shipments

The Oxford County Chapter of Red Cross with headquarters in Norway in ship time gathered men's, women's and children's clothing, shoes, cloth and various articles for the comfort of the war sufferers, the total weight being 2300 lbs. It required fourteen regular shipping cases and a barrel all close packed to handle the garments. These have been sent to the headquarters in New York.

Contributions were received from the apothecaries in Bethel, West Paris, Oxford and other towns in this district. The Service League at South Paris gave generously and the Robinson Manufacturing Co. sent a large donation of new cloth. The local stores furnished ready made garments from their stock and everybody made an effort to show in a substantial way their sympathy for the unfortunate made destitute by invading armies.

Mrs. Stanley M. Wheeler has a position in the Pettengill & Perrault millinery store.

Annie Newcomb is teacher in the fifth and sixth grades of the Shurtleff school in Paris to go over the top in the thrift and war saving campaign. In one week and three days the scholars knit enough seven inch squares for an afghan and started on the second. This was the first completed afghan for the Girls Patriotic League.

Norway High will have a base ball team this year. Last spring military training caused a suspension of athletics and a team was not organized. Several players are in the service, but the material at hand will be looked over and training started immediately after this week. Dave Klein has been chosen captain and Arthur Valley League including Rumford, Mexico, Bethel, Paris and Machan Falls looked good at first but it was decided to play independent ball under their own schedule, games being arranged with the league teams when dates are not conflicting.

Charles Blaquiere has given up shoe making and returned to the Norway-Paris Street Ry. Co.

George Downing of Auburn passed the week-end in town at his home on Crescent street.

Mrs. Winnie Hanscom of Fryeburg has been the guest of Mr. and Mrs. Eugene Lebroke. She had been caring for her son, Fred, at South Paris, who has been suffering with measles and mumps and is now very home as his condition is greatly improved.

Prof. Geo. A. Yeaton was the four-minute speaker at Rex Theatre, Saturday evening. His remarks were in the nature of an appeal for every person with a plot of land to plant intelligently and co-operate every part of it.

E. B. Parker, who has been running the Harvey stable during the past few weeks, closed up the business Monday and went to Mechanic Falls. He will be employed with Mr. Harvey in his auto and sale business in that town.

J. O. Crooker: "I'm hoping to do some farming; small things look big and the future is uncertain. I'm not as ambitious as I was years ago—when in the hayward business."

Mrs. Leavitt: "I kill you if you have cooked toes. That is what she does to incubator chickens."

I weigh 143 and am the heaviest I ever was, but Miss Bertha Sessions at the Express Office beats me 6 pounds and is placed over it.

Don't fail to read the Intelligence Column. Dogs, corn starch and garden seeds.

Capt. W. W. Whitmarsh came out on the sidewalk and went almost to the bridge and returned Tuesday. His long outdoor walk for some weeks.

Winslow Blakes of West Waterford is stopping at John Sampson's and is on the sick list. He is pretty much run down in health.

## IN MISERY FOR YEARS

Mrs. Courtney Tells How She Was Cured By Lydia E. Pinkham's Vegetable Compound.

Oskaloosa, Iowa.—"For years I was simply in misery from a weakness and

awful pains—and nothing seemed to do me any good. A friend advised me to take Lydia E. Pinkham's Vegetable Compound. I did so and got relief right away. I can certainly recommend this valuable medicine to other women who suffer, for it has done such good work for me and I know it will help others if they will give it a fair trial."

Mrs. LIZZIE COURTNEY, 108 8th Ave., West Oskaloosa, Iowa.

Why will women drag along from day to day, year in and year out, suffering such misery as did Mrs. Courtney, when such letters as this are continually being published. Every woman who suffers from displacements, irregularities, inflammation, ulceration, backache, nervousness, or who is passing through the Change of Life should give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial. For special advice write to Lydia E. Pinkham, Medicine Co., Lynn, Mass. The result of its long experience is at your service.

## SOUTH PARIS

So far as has yet been learned the Post gold headed cane carried four years by the late Silas P. Maxim will pass on to Samuel W. Dunham of West Paris, who was 90 years of age on the 8th of February. Mr. Dunham is only four days older than Daniel C. Churchill, also of West Paris.

Dr. Charles L. Buck, Howard R. Carter and Ronello L. Cummings attended the Republican state convention at Portland, Thursday.

D. B. Dresser, formerly of South Paris, who has been employed by the Mechanic Shoe Co., in Biddeford, has accepted a position in the Cushman shoe factory at Auburn.

Franklin Maxim attended the Republican state convention and remained with his son and wife, Mr. and Mrs. Harry E. Maxim at Falmouth Foreside for several days.

Harriet Fog of Philadelphia, Penn., who has been principal of the South Paris grammar school during the school year, has accepted a position in the Junior High school at Sanford and left town Saturday. Annie Newcomb, Norway, who has been teacher of the fifth and sixth grade of the Shurtleff school will take the position as principal of the grammar school. Albert Roberts of Gray will fill the vacancy in the Shurtleff school.

The Euterpean club gave their final musical program, Monday afternoon, at the home of Mrs. H. R. Carter. Six programs have been given during the winter and were greatly enjoyed. The program is from Beethoven and Mendelssohn.

Francis S. Chapman, who enlisted in the United States merchant marine and training at Boston, is with his parents, Mr. and Mrs. E. E. Chapman, on sick leave for a few days.

Maurice L. Noyes has sold his farm on Hill street to Lebaron B. Card of Canton. Mr. Card is a brother-in-law of Mr. Dodge, mail carrier on Rural Route No. 3, who now lives in the house and the families will occupy the two rents in the house.

Marguerite Faulkner, who is training for a nurse in the Homeopathic Hospital in Boston is indisposed and spending a short vacation with her parents, Rev. and Mrs. D. F. Faulkner.

Mr. and Mrs. J. A. Noyes returned Monday and their home here from Isle au Haut, where they have spent a winter with the family of their son, Leon E. Noyes.

Geo. H. Davis attended the Republican Convention at Portland, Thursday and spent the rest of the week with his daughter, Mrs. E. H. Stevens.

Alton C. Wheeler was one of the guests invited to lunch with Ex-President Roosevelt at the Falmouth Hotel, Portland, Thursday.

Clarence Wayland of Portland was the guest of Mr. and Mrs. E. N. Anderson, recently. He came to attend the funeral of Silas P. Maxim.

A gasoline fire at Rev. C. G. Miller's on Hill street, Thursday evening caused some damage to the auto upon which he was working. (The Engineer Charles W. Bowker responded to a still alarm, but Mr. Miller had the blaze out with water and snow before the chemical extinguisher arrived. The cause was due to a leak and back fire.)

A small billboard for war bulletins has been set up by Selectman Bowker at the upper end of the grass plot in Market Square, and will be used for announcements and posters in connection with the War Savings canvass and various other activities made necessary by the war.

Two books have been presented to the Paris Public Library by Mrs. C. A. Stephens of Norway Lake. One is "My Home in the Field of Honor" and the other "Christine" both are written by women and are based on actual experiences in the war zone.

David S. Knapp has entered the soldiers' home at Togus. Mrs. Knapp, who is in poor health, remains here for the present, with Mrs. C. S. Briggs. Their son, Frank P. Knapp, is playing in the band at Togus, had secured a cottage there, and their household goods were shipped, but Mrs. Knapp is not well enough to go as yet.

A change in time on the Grand Trunk was suddenly sprung without notice Sunday. The morning trains cross here at 9:36 and the afternoon at 7:05.

Porter District.

George Felton was in Lewiston Saturday on business.

D. O. Hill came home from Norway, March 29, where he has been teaming several weeks.

Mrs. Charles S. Marshall was ill with laryngitis last week, but is better.

W. E. Bryant was at Curtis and Roes' camp in Otisfield, Friday.

John McKee returned to Bates College, Monday, after spending a vacation of five days at his home.

# Plant a Victory Garden

If you love your native land, put fertilizer on it and seeds into it.

The man with an empty back lot ought not to be permitted to fly Old Glory from the front steps.

We don't want any amateur landscape gardeners this year—we want men of all types to get out and turn over the soil and plant beans, corn, peas, cabbages and tomatoes.

In the name of those boys with the colors, plant a garden.

The care of those gardens must be followed through. Weeds that cut production are pro-German.

Plant a garden and make the other fellow plant one.

We are Headquarters for Fertilizers, Seeds, Garden Tools, Insecticides, and everything for the garden.

### HARKEN BACK ON THE PAST

Thirty Years Ago This Week  
Can makers at Burnham & Morrill's factory at South Paris are making 5,000 cans per day. They will make over 600,000 cans.

All are now factory made.  
W. H. Warren of Norway has hauled 180,000 feet of logs from the J. N. Baker farm in Waterford to the sled factory at South Paris. He has also hauled 500 cords of poplar from Hobron. \* \* \* Mr. Warren died some years ago—and his widow is now living with her daughter, Mrs. Geo. A. Brooks on Water street, where she has made her home since her daughter, Jessie, died at Cornish, Me.

Ben F. Spimney of Lynn, Mass., was in town this week. He is the senior partner of the shoe firm. \* \* \* Mr. Spimney has retired from the shoe business, also of the Lynn Bank of which he was president for many years, but is now living in Framingham and has a son 20 odd years of age.  
Hon. Geo. A. Wilson is a good story teller. During a recess of the Municipal court he related the following: "When my father was pastor of the church on Paris Hill the youngsters were particular to be looked after to see that they attended divine services instead of going off fishing and so on. Well, Joe Holt's father and mother were converted but somehow Joe managed to keep away from church. And I apprehend," said the Judge turning to Joe, who was an attentive listener, "that you made a mistake in dodging the meetings. Isn't that so?" Joe joined heartily in the general laugh that followed but did not attempt to reply.

Twenty-six Years Ago This Week  
Wednesday afternoon J. H. Hazleton took two fine "records" of songs sung by George W. Horne for the phonograph. \* \* \* John is now living in Westbrook. Roy C. Gammon was injured quite severely Wednesday afternoon at the saw mill of C. B. Cummings & Sons. A fellow workman in using an axe on a log brought it back accidentally striking Mr. Gammon on the head and making a severe wound in which it was necessary to take several stitches.

Capt. Ben Loring of Yarmouth visited in town this week.  
Leonard Flint and wife have been hired to take charge of the town farm for the next year, salary \$400. \* \* \* Mr. Flint died a few years back also his son recently.

Isaac Noyes remembered the Advertiser with his annual gift of maple syrup, Monday. \* \* \* He is still living at 84, but confined in doors and shakes more if possible than he did years ago.  
A Norway Board of Trade was organized. The meeting was called to order in Engine House Hall, but the large number attending necessitated moving to the Opera House. C. E. Holt was elected president, Geo. G. L. Reed and George A. Cole, vice presidents, Fredland Howe, secretary and Chas. P. Ridlon, treasurer. A constitution and by-laws were adopted. Over fifty became members of the association. \* \* \* It yet survives with Dr. M. L. Kimball as secretary and treasurer.

M. L. Kimball has come home from his school in Ellsworth. \* \* \* He is now in the Internal Revenue Service with headquarters in Portland.  
J. W. Holden in a signed letter offered to debate with Mark Twain (Wm. Emory) on the question of the earths revolving. He closes his letter with these words: "I propose to lecture on astronomy wherever I may be waited for a small compensation and show to the public that the earth does not revolve nor shoot around the sun." \* \* \* Later on he did lecture to a good sized audience in Concert Hall and Judge S. S. Stearns presided, who by a rising vote of thanks was able to dismiss the audience.

Twenty-four Years Ago This Week  
I. N. Small has sold his house at the foot of Pike's Hill to B. M. Pratt. \* \* \* It was owned by him and occupied by Herman Richardson and Dr. E. H. Richardson, the barber.  
Ella Morrisette of Skowhegan has entered into partnership with Jennie Saddington in the millinery business.  
A. J. Rowe is to be the new postmaster in Norway. He was postmaster before the four year term of L. I. Bartlett that has just expired.

E. N. Swett has moved his family to his father's at South Paris. Neal Stillings has moved into the rent he vacated in the A. J. Rowe house.  
Herman Roost has closed his labors at Cole's jewelry store and has started west. Hannah Penfold had a whist party, Monday evening. There were thirty ladies and gentlemen. Henry E. Foster and Mrs. V. W. Hills carried off the honors. Refreshments of oranges, malaga grapes and bananas were served. It was one of the best gatherings of the season.

Frank Wood of Waterford, son of Ephraim H. of this town, while at work last week in the woods, had his right forearm broken by a dead limb falling from a tree.  
E. C. Thompson, the Beal street merchant, has purchased the business of Hartsborn & Deane of Wrentham, Mass., and is to move there.

Prices of Hens Fluctuates  
A shrewd farmer who unarsed sells at top prices, had several hundred hens to sell. Early last winter he asked \$2.00 apiece and was offered \$1.50 each for the lot. He did sell 100 for \$200.00, and kept the balance until recently and let them go for \$1.15 each.  
Did the farmer who sold make or lose money in the transaction?  
Did the man who paid \$2.00 make a profit? And will the person who paid \$1.15 make a profit? I do not know.

Veranda Club Notes.  
Veranda Club met with Mrs. Cordelia McKay, March 28. Ten members were present and four visitors. A nice bit of Red Cross work was accomplished by its members. After the meeting a fine lunch was served by the hostess. Meeting adjourned to meet with Mrs. Nellie Merrill, Pleasant street, Thursday afternoon, April 11.

John Walker returns this week to Poland Springs where he has worked for many past seasons.  
Annual meeting of the Norway Fish and Game Ass'n. will be held at the Municipal Court Rooms Friday evening, April 5, at 8 p. m. All members should attend as business of importance will come before the Association.

## LOCAL PICK UPS

"But he has a nice family," is a term signifying that he, himself, doesn't amount to much.

I'm in great luck! Have contacted for the usual supply of soft coal. "Shall feel easier, however, when it's in the cellar. John Cullinan before the war, had a habit of doing as he agreed, but uncertainty prevails in everything now.

Two mighty good local papers are being issued in Farmington. I wish the Chronical could get their extra sheet inside the main paper as I dislike to see a good local paper come in sections.

The boy said: "I am told at school 'figures won't lie' that ain't so. You ought to see my sister at home and on the street. You'll then be convinced I'm right."

A South Paris man discovered that the entrance to Norway's post office is "left handed." I've always known there was something wrong about those doors, but what it was, I could not say. Had Dinsmore, the mechanical constructor of the block, isn't left-handed and how those doors got into that shape is beyond me.

The lost key is returned. After months of wandering, Ben Bicknell recognized the writing on the envelope and returned the key to this office. I didn't advertise as I didn't know the key was lost, but it shows that Ben is familiar with the marks I call writing. Else why the return?

Do you suppose the American Tel. and Tel. Company would be as efficient as at present if it were "taken over" by the Government? I do not. Neither are the railroads. Results are proving this.

The Father said: "I would prefer my son to be killed dead while standing up and fighting like a man, than that he should run and disgrace the family."

"There are a lot of people who lie awake nights waiting and listening lest the public go wrong. These guardians seldom achieve much and are usually buried at the expense of their friends."

The spider draws poison out of a flower: the bee gets honey out of a thistle, but happiness is the heavenly elixir of a contented mind.

Some business men advertise in every entertainment program that comes along, although each of them hits only a section of the town, while they turn down the newspaper that reaches the whole community.

True Morrill is at a loss whether he will welcome spring or not, for he says: "When I shed my overcoat I've got to have a new suit of clothes."

A soldier in battle saw a terribly frightened rabbit run at top speed to the rear and said: "Go it, cotton-tail: I'd run too if I had no more reputation to lose than you have."

The local newspaper editor is much pleased to receive all items of news from reliable sources. Some people hesitate to send in items for fear that they will be thought to be self advertisers. The editor entertains no such thought, and there is no good reason why such a feeling should be entertained.

The newspaper man is very grateful for bits of news sent in, and the feeling of gratefulness is not diminished by the fact that the items may be about the writer himself or herself.

If people would only feel a live interest in the home paper, an interest that would not only induce them to read it but also contribute news and ideas and suggestions as well as just criticisms, the paper would be of vastly increased interest and value in the community.

If you have any news items to send or suggestions or criticisms to make to the local paper, send them in.

I've been invited to become a member of the "Chamber of Commerce of the United States of America, Riggs Building, Washington, D. C."

Now that is some distinction. It costs only \$25.00. I have respectfully declined and suggest Capt. J. Waldo Nash as a substitute, if this community must be represented on that board.

I am looking on a picture of Camp Brockton and party taken by J. W. Swan in June 1886. I remember the day, the time, the party, the scenery and the circumstances attending it as though it was but yesterday. Two years ago came June. That merry fishing party of a dozen is now divided 50-50. Those living are:

J. F. Huntington, Augusta, Me.  
Chas. A. Woodbury, Somerville, Mass.  
Eugene P. Hayden, Norway.  
Frank A. Towne, Norway.  
Frank H. Noyes, Norway.  
Fred W. Sanborn, Norway.  
Those who have passed over:

George P. Young, Norway.  
Luther Littlehale, Riley.  
J. Wesley Swan, Montreal, P. Q.  
Henry H. Freeman, Boston, Mass.  
Eugene W. Bartlett, Norway.  
Stillman N. Littlehale, Riley.  
The picture was found at C. B. Cummings & Sons Co's. Bemis Boarding House and sent me through the kindness of E. S. Cummings, who rightly guessed of it. I would be pleased with it. He says I look "like a kid." Why shouldn't I? I was just past 31; and filled with hope, energy and enthusiasm.

The camp is still kept in good shape and I have made annual pilgrimages to it herring 1916 to date. The handy trout fishing is a memory except as you go way up in the wilderness, yet I shall visit there as long as I am able—roads and bridges permitting. The picture I shall keep.

Some time ago I got a letter from Col. Fred E. Boothby of Waterville enclosing an invitation to attend a Knights Templar Reception at Norway on Feb. 29, 1887. The handwriting on the invitation is clearly that of the late Gen. G. L. Beal, who was a life long friend of Col. Boothby.

On the invitations are the names of 20 prominent business men of that time. Only four are now living. This was 31 years ago last February and comes easily within my memory and many others who attended that night, yet time seems to have dealt severely with the Invitation Committee. Here are the names:

A. S. Kimball  
John J. Horne  
Freeland Howe  
Samuel E. Knowland  
Geo. A. Cole  
George C. Norworthy  
H. D. Smith  
H. D. Smith  
Charles W. Hathaway  
Alfred K. Paul  
W. H. Whitcomb  
Geo. P. Jones  
Abner Hersey  
C. E. Richardson  
Henry Drake  
Charles E. Holt  
C. T. Tucker  
A. P. Bassett  
\* \* \* Indicates those now living.

Col. Boothby was born in Norway and he announces the discovery and location of his house of nativity as follows: "Did I ever tell you what happened to me on Norway Centennial Day? I was anxious to view the house where I was born and

having received a picture of it a few days before, taken by Miss Lizzie Beal, I struck out to find it. I procured a team—it was before the days of autos—and took as many friends as possible and when I got back they all claimed I pointed out a dozen houses in which I was born and that I didn't really know where it was—which perhaps was about right. I saw Mr. Ephraim Brown going by and remembered he was one of my father's neighbors, I called to him to help me out. He said he did not exactly know, but was going home to dinner and would ask his wife and some back and call me after dinner, while we were sitting on the piazza of the Beal's House. Mr. Brown came up and said: 'Mr. Boothby my wife says you are right and furthermore she was there at the time. This settled the controversy and the place where I first saw the light of day was proven by living witnesses.'

Obituary: "April 1st. Died at midnight, March, the eldest and ugliest of the three sisters whose family name is Spring, aged 31 days. Too long she lived, too late she died."

Her life it was a stormy tide. A tide of wind and snow and storms. A tide of grief and sorrow. A tide of love. I am glad she is dead. I always hated her, although I put in an appearance on the 18th of March, 1840. She had no right to call herself a Spring month. She lived too near old Mr. February and doubtless is the illegitimate daughter of winter. I hate her."

The above was sent in by Mrs. Marilla M. Eicker of Boston who delights to club Roosevelt and other saints.

## REMINISCENCES OF THE WAR

Col. Albert H. Edwards, Albany, fitted for college at Gould's Academy in Bethel and then went West and entered the College at Army University in Mich. At the commencement of the Civil War, April 1861, he left and went into the first Michigan regiment for three months at the first battle of Bull Run, the very day towards Washington and suffering with thirst. He, with others, stopped to fill their canteens with water and the first thing they knew they were all surrounded by the rebel soldiers and were all taken prisoners and kept in the southern prison and almost starved to death.

He came very near his death twice, while in prison. It was against the rules for one of the prisoners to stand or sit, close by a window. One day he was sitting near the window and all at once guard fired his gun at him, the bullet struck in the window stool close by his head. He called out and told the outside guard he was not a very good marksman, and got away from the window as soon as possible.

In the winter of 1862 the North captured two men by the name of Mason and Slidell, who were considered spies for the South. Word was out that they would be hung a few days later. Jeff Davis president of the Southern Confederacy gave out word that if President Lincoln hung those two men (Mason and Slidell) that he would take all of the officers in that prison and have them hung. He went so far as to have the gallows erected and picked out his men and among the officers picked out was Col. A. M. Edwards. He said they laughed and made fun over the gallows that was placed just in front of the rebel prison. After Lincoln heard how many officers had got to be hung if he hung these two men, he decided to let them go. He would not hang Mason and Slidell. Soon after that the gallows in front of the prison was taken down. Later on there was an exchange of prisoners and A. M. Edwards was one of the lucky ones that got free.

He came North as soon as he could and made a visit at the old homestead with his mother, brother and sister, and gave a few lectures, telling how our prisoners were abused, then went back to Detroit, Mich., and got up a company of which he was chosen Capt. and his company helped make up the 24th Michigan Regiment and this regiment with three other regiments made up one brigade which, on account of the heroic courage this brigade had, while in nearly all of the hardest battle of the war, it was known, and called, the Erin Brigade.

The 24th Michigan regiment went into the battle of Gettysburg and held the front line of battle all day. At night the regiment had lost its Colonel, Lieutenant Col. and Major and every Captain in the regiment, except two, Capt. A. M. Edwards was then promoted to Major and took charge of the regiment, the remainder of the time during the battle of Gettysburg.

When they called the roll, they had only 95 men left out of the whole regiment that was fit for duty. The rest of the regiment were all killed, wounded, or taken prisoners.  
Major Edwards was soon promoted to Colonel for his bravery at the Battle of Gettysburg. The next hard fought battle he was in, he had his horse shot from under him and five bullets shot through his cap, but he lived through four long hours of cruel war and after that he was captured house officer for many years. He passed away about seven years ago, leaving a brilliant war record.

## WAR TIME RECIPES

A few good war time recipes tested and found good:

Graham Rolls  
One cup cold water, two tablespoons vinegar, one teaspoonful of soda dissolved in the water and vinegar, two tablespoons of molasses, a pinch of salt, one and one-half cups graham. Bake in gem pans in a hot oven.

Molasses Cookies  
One cup molasses, two-thirds cup of hot water, one-half cup of hot water, two teaspoonsful of soda and one of salt, one of ginger and one-half teaspoonful of ground nutmeg, flour to roll.

Meatless Mince Pie  
Four cups chopped apple, one cup chopped raisins, four tablespoonsful vinegar, spice to taste, molasses enough to mix to the thickness of ordinary mince meat. This will make four pies. Whole raisins dropped over the top of the pie and bits of butter would improve it.

Graham Pudding  
One and one-half cups graham, one cup sweet milk, one-half cup molasses, one teaspoonful soda, a pinch of salt, one cup chopped raisins. Steam 3 hours. Serve with whipped cream or any nice pudding sauce. Very nice.

## DRY SWEEPING DANGEROUS

"Dry dust swept up from floors and into the air of the house is dangerous," says the State Department of Health in a statement issued Wednesday, "just as dirt swept up on the streets is dangerous to the public." "The germs of many diseases are carried on dust particles brought in from the street or from other houses. When these germs are swept into the air, by a dry broom, there is created a danger of disease infection. Undoubtedly a great many cases of influenza or grip, pneumonia and other similar ailments are traceable to this source."

The use of damp cloths or brooms dampened in water or in some mild antiseptic solution is recommended. The vacuum cleaner is mentioned as the best and safest instrument for cleaning.

# "See 'Gets-It' Peel Off This Corn."

Leaves The Toe as Smooth as the Palm of Your Hand.

The corn never grew that "Gets-It" will not get. It never irritates the flesh, never makes your toe sore, prunes the corn-pain vanishes. Shortly you can peel the corn right

It's Wonderful to See "Gets-It" Peel Off Corns! off with your finger and there you are—painless and happy, with the toe as smooth and corn-free as your palm. "Gets-It" is the only safe way in the world to treat a corn or callus. It's the sure way—the way that never fails. It is tried and true—used by millions every year. It cures every corn, no matter how deep or long it has been digging at a corn and fusing with bandages, salves or anything else entirely unnecessary. "Gets-It" is sold by all druggists (you need pay no more than 25 cents), or it will be sent direct by E. Lawrence & Co., Chicago, Ill. Sold in Norway and recommended as the world's best corn remedy by F. P. Stone.

## WHITE'S GOLDEN TONIC

If your horse is "off his feed" you cannot act too quickly to prevent more serious trouble.

Is intended primarily to keep the system in such prime working order that the horse will thrive on his regular food. So-called condition powders do not reach the real cause of the trouble. White's Golden Tonic is a real scientific medicine that acts on the liver, urinary and digestive organs and gives the power to throw off disease.

Golden Tonic is especially valuable in treating indigestion, loss of appetite, Swelled Legs, Yellow Water, Horse Distemper and the numerous diseases that result from run-down condition.

Sixty cents per bottle at druggists or general stores, or sent postpaid if dealer is out of stock. Money back if not satisfied.

## KINDNESS

Like the sweet strains of music swelling From some hidden cloister near, Or the last rays of sunlight lingering To bathe all the hillsides with cheer. So thoughts and deeds of kindness On life's common-way of sun, Shut out the shades of darkness And let the sunlight in. We long for some word of cheer, Some timely thought and loving From hearts that we hold most dear. Ay, we long for some word of cheer, The clasp of a friendly hand, 'Twere a hapless fate to journey Estranged, in a dreary land. Jeanie E. Snow Kimball.

## THOUGHT

When alone I often ponder On the rough things of this life— Why the terrible war should be That is causing all this strife. Why our boys are taken from us And compelled to cross the sea, Paying as too dear a forfeit Their hearts' blood for Liberty. These, our own, our dearest loved ones, Taken from their childhood home, Leaving mother, father, sister, And kind friends their loss to mourn. We are left to hourly wonder, While our many tears are shed, If they're suffering from hunger Or if numbered with the dead. As the storms are sent upon us, And the winds so bleak and wild— We are tossed on life's high billows Helpless as a little child. You too, no doubt, do ponder On these things that seem so hard, But we should not give up, Lest our lives be seamed and scarred. If we doubt our dear God's promise, Let us e'erwardly remember, So let's bravely do our duties, Trust all else to Him above. Mrs. Gladys Frost Swan.

## WHEN WILL THE WAR END?

Absolute knowledge I have none, But my aunt's washerwoman's sister's son, Heard a politician on his beat, Say to a laborer on the street, That he had a letter just last week, Written in the finest Greek. From a Chinese cousin in Timbuctoo Who said that the natives in Cuba knew Of a certain man in Texas town, Who got it straight from a circus clown, That a man was very down in Borneo, Who knew a man who claims to know That her seventh husband's sister's niece, Had stated in a printed piece, That she had a son who had a friend Who knows when the war is going to end.

**TO SAVE REJECTED MEN**  
The call to save the men rejected under the draft expresses the purpose of a number of organizations and leaders in the country, according to the State Department. A new and wide-spread movement to overcome physical defects and improve health conditions is growing out of the war. Everywhere physicians, educators and public officials are aroused to the need of making more effective peace or war the vast numbers of men now considered useless to the government in the military field. Everywhere the failure of society to guard its man-power is being commented upon and steps are being taken to overcome the results of this failure. In California a Staff of Correctable Defects, composed of prominent physicians, has already done good work. Prominent educators have recently appealed for a new campaign of college athletics which shall reach all students and serve a general purpose of a special group and thus recognize the imperative need of prompt action in improving the health and increasing the powers of men and women.

## KEEP THE CHILDREN IN SCHOOL

With the many pressing matters claiming the attention of the people and the urgent need of every hand at the plow that can possibly be mustered, the temptation is great to slack on school attendance. This temptation should be resisted. No child of school age should be permitted to absent himself or herself from the schoolroom. The urge of education was never greater than at present. The absolute inability of the uneducated to meet present day conditions was never more apparent. And not only is this true, but the education must be more thorough now than was ever before demanded.

The probable duration of the war is a matter of much uncertainty. A slackening of the educational drive would be most unfair to the young people and would place them at a terrible disadvantage; would impose upon them a handicap from which many of them would never recover.

If we would have an object lesson of the effects of abandoning education at the young during the war time, we have only to look to the Southern States of this Republic. During the unfortunate war between the States, when the people of the South were fighting for their very life, education was permitted to languish. The present free school system was then unknown, all schools being of the "subscription" class. These were largely abandoned, and the young people permitted to grow up practically without education. The result is still to be seen in many sections of the South. Men who were in their "teens" when the war broke out, just at the age when they should have been applying themselves diligently to securing an education, were drafted for work on the farms, and from there graduated into the ranks, with the result that they have gone through life without the education that by rights should have been theirs. There are thousands of these men throughout the South today—men of great natural talents who had they received the training they should have had, would now be occupying high positions. But their illiteracy has been fatal to any real progress. They are honest, painstaking workers in whatever field they may occupy, but their handicap places them in the ranks of the mediocre, and struggle as they may they can never go higher.

As illustration of the point we wish to impress, let us state that of the entire country the South is today more than any other section preeminently a young man's country. It is so from the fact that such a large per cent. of the older people are so deficient in education.

The boy or girl can find time to do all the work in other lines that should be imposed upon them and still keep up their studies. A few hours each day given to real work will only nerve them the better for their studies. A few hours of work each day is all that should be required of them under any circumstances. Keep the children in school. They are our future citizens, and we can't afford to lower the standard.

## PEOPLE ARE SAVING

It has been pointed out as evidence of how strongly the duty of saving had been impressed upon the English people by the war-savings campaign in that country that in the year 1915, although purchasing billions of dollars of war bonds, the small savings-bank depositors in England increased their deposits in savings banks over \$60,000,000, this in face of the fact that the English had been noted as a spending rather than as a saving people.

It seems that a similar process has taken place in America. Two great Liberty Loans were floated in the year just closing, and nearly \$60,000,000,000 of Liberty Loan Bonds of the country have been increased. The president of one of the large New York savings banks is quoted as saying on December 20, 1917, "One of the most remarkable things about the Liberty Loan campaigns is the small effect they have had on the savings banks accounts, which show an increase. This we lay to the appeals made to the American people to purchase the bonds out of their earnings, paying for them from week to week or from month to month. The people appear to be doing as they have been urged, purchasing the bonds from current savings."

## THE BUSINESS OF WAR

The fact is being driven home to the people of this country that we have reached a stage of the war when heroics and stage oratory must be dropped and serious work take their place. We have exhausted our vocabulary and invented other languages in our condemnation of the Hun—which was probably to be expected and necessary in the working up of a general war spirit. Now, however, the preliminaries are over, and we are in the very center of the conflict, whether for good or ill will depend entirely on our future actions.

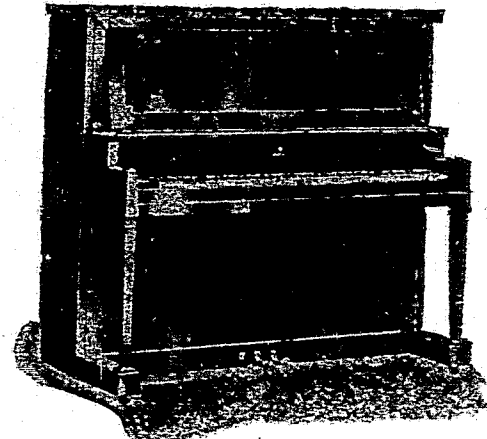

We must realize the seriousness of the fact that a half million of our boys are at this moment facing the greatest organic of destruction this world has ever seen. Other thousands are daily departing to share the dangers of the war. These men have no false or exaggerated notions of the glory awaiting them. They are imbued with but one thought—to remove from the world a great menace to human liberty. To this end they are willing, if need be, to give their lives. Certainly they are giving to the task the very best of their manhood. It is a serious business and they are going about it in deadly earnest.

Are we who must remain at home taking the same serious business view of the work before us? Are we devoting our lives to the end that their lives may be preserved, or, if sacrificed in the cause, that the sacrifice may not be in vain?

**DO YOU ATTEND MEETINGS?**  
One of the best ways we know to break up a local club, a state association or any other organization banded together for mutual benefit is to observe the following rules:

1. Do not attend the sessions.
  2. If you do attend, offer no comment at the meeting.
  3. Don't think of going if the weather is bad.
  4. Refuse to serve on any committees.
  5. Then come around and kick when the committee reports.
  6. Sit still and criticize—don't get on your feet.
  7. If dues are to be paid forget them.
  8. Go outside and tell non-members "the club is a frost."
  9. Be sure if you are put on a committee when not present.
  10. When you are not put on, tell others that a "few run the thing."
- Then take a good look at yourself and resign—then you will render a real service.

## At the Merchant Store Saturday, April 6th, a 10 per cent. Discount Sale and SPRING OPENING

Saturday, April 6th, we will give a discount of 10 per cent. on all goods throughout the store to be divided as follows, the customers to be given a discount of 5 per cent. from the regular fair prices, and 5 per cent of the gross sales for this one day will be divided equally between our local Red Cross and the Service League organization of South Paris. This enables the purchasers of any merchandise during this day an opportunity of making a saving of 5 per cent. and also of your rendering financial aid to these organizations at a saving to yourself.

### Spring Opening

New arrivals have brought our displays up to a point of completeness which makes it possible for us to announce our readiness to serve you with the new in women's and children's apparel, as well as all the accessories of dress reflecting notable exhibits in accord with newest fashion features at reasonable prices.

In addition to our regular large stock of coats and suits we shall have many others to show you for this one day's sale.

### Spring and Summer Fabrics

The new spring and summer fabrics are here in great abundance for your selection whether it be silk or cotton materials. While the prices in many instances are some higher than they have been, yet they are much less than they would be had we not bought some time ago on a lower market than the present market, therefore you get the benefit of our early purchases.

## Money Saving ON CLOTHING

Clothing prices in the future will be higher. Next fall will see quite a rise in prices. Goods that we have on hand now were contracted for long ago and the prices are based on prices at the time of contract, which are radically lower than prices for next fall or even now. While our present stock lasts prices will remain the same. It is to your profit to buy now for next season. It's true economy. We have a complete stock of winter suits and trousers. Overcoats too make a good saving. Our winter underwear is marked at about wholesale price for next season.

Anything and everything you  
buy here will save you money.

Mr. and Mrs. Fred Adams have returned to their home after spending some time with his sister, Mrs. Coleman Packard.

### Injured While Hunting

Nathaniel Wilney of the Coast Patrol, who was spending a week with his parents, Mr. and Mrs. Freeman Whitney, met with a painful accident, Friday. While rabbit-hunting near his home on Daves Hill he accidentally discharged his shot gun injuring his foot so badly that two toes were amputated. He is getting along as comfortably as possible.

Archie Grover, Clinton Stuart and Harry Chapman left last week for Detroit, Mich. They will drive back to Harrison the automobiles from the factories for C. H. Hill's garage. From Boston they went in a special car with about fifty other car buyers and chauffeurs.

### Wynegonic Club

The Wynegonic Club spent a delightful afternoon, Wednesday, the 27th, with Mrs. Annah Whitney at her home on Main street. The following program was enjoyed:

Business.  
Roll Call, Red Cross items.  
Paper, Dr. Wiley's Experiments in the Kitchen.  
Dudley, in her absence read by Miss Kilbourne.

After adjournment the members were invited to the dining room where delicious refreshments of sandwiches, fancy cakes, cookies and jumbles, raspberry jelly with whipped cream, vanilla ices with chocolate sauce and hot cocoa were served.

Mrs. Chas. Walker left the following day for Kittery with the regret of the Wynegonic members.

### Easter Service

Special Easter music was given at the Congregational church, Sunday by a large chorus. A pleasing solo was sung by Dr. J. P. Blake. Alice Smith is the church organist. In the evening the children of the Sunday school presented the following short program under the direction of Mrs. Chapman and Doris Knight, who was also organist.

## WEST PARIS

The cold winter has sure changed to spring and we have had a taste of some real summer like days this week. The snow has disappeared faster than usual and the first day of April there were more wheels than runners in use.

## Geneva Heath Mann

Very sad and sudden was the news of the death of little Geneva Heath Mann, daughter of Elinor Heath (Tuell) and Edwin J. Mann. The baby was taken sick and the doctor called, Sunday. It was thought perhaps she had swallowed a tack as her bowels did not act right. She grew no better, so on Monday morning they took her to Dr. Webber in Lewiston where an operation was performed and found the trouble interception and not caused by anything she had swallowed. She died while under the influence of the ether.

The baby was born April 9, 1917. Mr. and Mrs. Mann have one other child, Lewis Jacob, who is older.

The funeral was held Thursday afternoon at half past one at the Universalist Church. Rev. D. A. Ball of Augusta was expected for the funeral.

## Easter Day Observed

The Easter exercises at the M. E. Church Sunday evening were attended by a crowded house. The church was prettily decorated with festoons of green and white with purple bells and paper Easter lilies. Beautiful potted plants and bouquets of real cut flowers, pink and Easter lilies were arranged about the platform. The program consisted of three familiar hymns by the pastor, Rev. L. W. Grundy. An Easter Welcome exercise by Mrs. Grundy's class of junior boys. A primary song by nine little girls. An Easter exercise by six primary grade boys and an exercise by twelve young ladies and girls from the older grades entitled "Portraying the Easter Spirit." The cast of characters are as follows:

The Nations, (in native costume):  
 India..... Evelyn Small  
 Turkey..... Agnes Pike  
 Japan..... Thelma Emery  
 China..... Mona Billings  
 Africa..... Olga McKean  
 Spirit of Easter (dressed in white).....  
 Attendants, (in white loose garments with blue sashes with the words printed on):  
 Life..... Mabel Brock  
 Light..... Ethel Flavin  
 Joy..... Ruth Cole  
 Love..... Mabel Briggs  
 Peace..... Reta Ethridge  
 Hope..... Della Cole  
 The nations entered singly and recited each their dark life story, then spirit of Easter with her attendants came marching down the aisle in processional song. While Easter was explaining to the dark nations the new life and hope. Life and Light decorated a bare cross which stood upon the stage and the other four attendants wore bright ribbons in and around them, binding them together with Easter. Then they knelt with her and all sang "Jesus, I come," and then marched off the stage together. The exercise was very pretty.

## Levi Addison Maxim

Levi Addison Maxim passed away Saturday, March 30, at eleven o'clock a. m., at the St. Marie Hospital, Lewiston, where he was for treatment, death being due to blood poisoning. Several years ago he suffered a severe injury to his foot which has given him more or less pain ever since. Three weeks ago he was suffering so acutely that it was found advisable to remove him to the hospital.

Mr. Maxim was born in Hebron in 1857, the son of Levi and Eliza Buckman Maxim. He had been a life long resident of Hebron.

About fifty years ago he married Abbie Merrill and to them were born two children, Percy and Bert. Since the death of his wife and sons he has carried on his place having two cows, a horse and flock of hens which he cared for.

The deceased was a cousin of Hudson and Hiram Maxim, the noted inventor. Another cousin was Silas Maxim of South Paris, whose death preceded Addison's by barely a week.

Hudson and Hiram Maxim were descendants of Samuel Maxim, who settled on the George W. Maxim place in Paris and afterwards moved to Wayne.

In political affiliations Mr. Maxim was a Republican. He is survived by one sister, Mrs. Ellen Gilman, two nephews, Ernest M. Danforth of Hebron and Geo. Danforth of Hopedale, Mass.

The funeral was held at the home of his sister, Mrs. Ellen Gilman, Tuesday afternoon at 2 o'clock, the officiating clergyman being Rev. T. M. Griffiths. The bearers were H. K. Stearns, O. L. Bray, H. B. George and E. E. Cushman. Burial took place in the family lot in the cemetery at the rear of the Baptist church.

C. W. Cummings and F. I. Sturtevant attended the Republican convention in Portland last week.

Alice Melcher spent a few days in Portland last week.

Mrs. A. M. Richardson spent Easter with her son, Norman in Portland.

Over twenty ladies attended the Red Cross tea held at the home of Mrs. W. B. Sargent, Thursday and over seven dollars was contributed.

Alton Conant is the first young man to be called to the colors from our community. His going brings the war very near to his many friends.

W. E. Atwood and family have moved into the Howe cottage. The rent which was vacated by Dr. Marshall.

Beulah Hutchinson is at home from her school in Auburn for the Easter recess.

Town schools began April 1. Edelle Cushman is the teacher in the academy district and Alice Melcher, No. 8.

Easter services were held at the Baptist church, morning and evening. The church was handsomely decorated with potted plants and cut flowers. The flower committee were Kathryn Cantello, Mildred Hutchinson, Josephine Bessey. There was good music at both morning and evening services. In the morning the regular school choir was assisted by Mrs. H. O. Glover and Elsie Conant. Rev. T. M. Griffiths preached an appropriate sermon. The concert by the children in the evening was in charge of Mrs. Griffiths and did her much credit.

## SOUTH RUMFORD

## Donald Wyman

Donald, age 12, youngest son of Edgar and Jennie Wyman, passed away at his home, April 1, after two weeks severe illness with meningitis. Besides his parents he leaves two brothers and one sister. Funeral services were held at the home, Wednesday afternoon, April 3d.

The best money maker on the farm is the hen. She turns grass into greenbacks, grain into gold, and from the sand and gravel she coins silver. There is nothing else on the place to compare with her. The cattle and horses are her heavy customers, and to get their value we must part with them, but not so with the hen.

## NORTHEAST LOVELL

Carroll McAllister came home from Brownfield, Thursday, where he had been at work, and lies critically ill with pneumonia at his father's, Olen McAllister's.

## DENMARK

Mrs. Emma (Perkins) Warren

Our community learned over the telephone from Portland, Saturday morning that Mrs. Emma (Perkins) Warren of that city, but formerly of Denmark, had passed away that morning of diphtheria.

Although knowing that Mrs. Warren was critically ill her death comes as a shock to her relatives and friends here.

The deceased was one of the large family of the late Mr. and Mrs. George Perkins of his own, where her earlier life was passed. She married B. Franklin Warren, also of Denmark, who died a number of years ago, after which she sold her farm here and went to Portland where she has made her home since. She has worked at the Deering ice cream parlors for several years or as long as her health would permit.

She is survived by one daughter, Nellie, wife of George Chase, also one grandson, Frank Chase, all of Portland, also two brothers, Charles and Dudley S. Perkins, and two sisters, Mrs. Annie Welch and Mrs. Julia Hussey, all of Denmark, besides a large circle of friends.

The remains were brought from Portland, Monday, and laid to rest in the family lot at the "White Schoolhouse" cemetery.

John Berry returned to Bowdoin, Monday after spending the Easter vacation at his home here. John is looking fine in his new college uniform.

Mrs. May Wood entertained at whist Monday evening. Arthur Richardson won the prize, a package of eggs.

Augustine Ingalls, Charles Wood and Lloyd Libby are having their houses wired for electric lights.

There were appropriate Easter exercises at the Grange Hall, Sunday evening. The hall was tastefully decorated for the occasion with green and Easter lilies. From the center of the stage was a flag with six stars, one for each of our soldier boys who have gone from us for a time, but are not forgotten. They are Richmond Trus, Gordon Richardson, Earl Shaw, Roland Cobb, Byron Hartford and Walter Davis.

The cold winter has sure changed to spring and we have had a taste of some real summer like days this week. The snow has disappeared faster than usual and the first day of April there were more wheels than runners in use.

**Geneva Heath Mann**  
Very sad and sudden was the news of the death of little year old Geneva Heath Mann, daughter of Elinor Heath (Tuell) and Edwin J. Mann. The baby was taken sick and the doctor called, Sunday. It was thought perhaps she had swallowed a tack as her bowels did not act right. She grew no better, so on Monday morning they took her to Dr. Webster in Lewiston where an operation was performed and found the trouble interception and not caused by anything she had swallowed. She died while under the influence of the ether.

The baby was born April 9, 1917. Mr. and Mrs. Mann have one other child, Lewis Jacob, who is older.

The funeral was held Thursday afternoon at half past one at the Universalist Church. Rev. D. A. Ball of Augusta was expected for the funeral.

**Easter Day Observed**  
The Easter exercises at the M. E. Church Sunday evening were attended by a crowded house. The church was prettily decorated with festoons of green and white with purple bells and paper Easter lilies. Beautiful potted plants and bouquets of real cut flowers, pink and Easter lilies were arranged about the platform. The program consisted of three familiar hymns by the pastor, Rev. L. W. Grundy. An Easter Welcome exercise by Mrs. Grundy's class of junior boys. A primary song by nine little girls. An Easter exercise by six primary grade boys and an exercise by twelve young ladies and girls from the older grades entitled "Portraying the Easter Spirit." The cast of characters are as follows:

The Nations, (in native costume):  
India..... Evelyn Small  
Turkey..... Agnes Pike  
Japan..... Thelma Emery  
China..... Mona Billing  
Africa..... Olga McKen  
Spirit of Easter (dressed in white)  
Lucy Everett  
Attenhants, (in native costume) with blue sashes with the words printed on)  
Life..... Myrtle Brock  
Light..... Ethel Flavin  
Joy..... Ruth Cole  
Love..... Mae Briggs  
Peace..... Beta Eldridge  
Hope..... Della Cole

The nations entered singly and recited each their dark life story, then spirit of Easter with her attendants came marching down the aisle in processional song. While Easter was explaining to the dark nations the new life and hope. Life and light decorated a bare cross which stood upon the stage and the other four attendants wore bright ribbons in and around them, binding them together with Easter. Then they knelt with her and all sang "Jesus, I come," and then marched off the stage together. The exercise was very pretty.

**Levi Addison Maxim**

Levi Addison Maxim passed away Saturday, March 30, at eleven o'clock a. m., at the St. Marie Hospital, Lewiston, where he was for treatment, death being due to blood poisoning. Several years ago he suffered a severe injury to his foot, which has given him more or less pain ever since. Three weeks ago he was suffering so acutely that it was found advisable to remove him to the hospital.

Mr. Maxim was born in Hebron in 1837, the son of Levi and Eliza Buck Maxim. He had been a life long resident of Hebron.

About fifty years ago he married Abbie Merrill and to them were born two children, Percy and Bert. Since the death of his wife and sons he has carried on his place having two cows, a horse and flock of hens which he cared for.

The deceased was a cousin of Hudson and Hiram Maxim, the noted inventors. Another cousin was Silas Maxim of South Paris, whose death preceded Addison's by barely a week.

Hudson and Hiram Maxim were descendants of Samuel Maxim, who settled on the George W. Maxim place in Paris and afterwards moved to Wayne.

In political affiliations Mr. Maxim was a Republican. He is survived by one daughter, Mrs. Ellen Gilman, two nephews, Ernest M. Deane of Hebron and Geo. Danforth of Hopedale, Mass.

The funeral was held at the home of his sister, Mrs. Ellen Gilman, Tuesday afternoon at 2 o'clock, the officiating clergyman being Rev. T. M. Griffiths. The bearers were H. K. Stearns, O. L. Bray, H. E. George and E. E. Cushman. Burial took place in the family lot in the cemetery at the rear of the Baptist church.

C. W. Cummings and F. I. Sturtevant attended the Republican convention in Portland last week.

Alice Melcher spent a few days in Portland last week.

Mrs. A. M. Richardson spent Easter with her son, Norman in Portland.

**Mrs. Emma (Perkins) Warren**

Our community learned over the telephone from Portland, Saturday morning that Mrs. Emma (Perkins) Warren of that city, but formerly of Denmark, had passed away that morning of diphtheria. Although knowing that Mrs. Warren was critically ill her death comes as a shock to her relatives and friends here.

The deceased was one of the large family of the late Mr. and Mrs. George Perkins of his own, where her earlier life was passed. She married B. Franklin Warren, also of Denmark, who died where she has made her home since. She has worked at the Deering ice cream parlors for several years or as long as her health would permit. She is survived by one daughter, Nettie, wife of George Chase, also one grandson, Frank Chase, all of Portland, also two brothers, Charles and Dudley S. Perkins, and two sisters, Mrs. Annie Welch and Mrs. Julia Hussey, all of Denmark, besides a large circle of friends.

The remains were brought from Portland, Monday, and laid to rest in the family lot at the "White Schoolhouse" cemetery.

John Berry returned to Bowdoin, Monday after spending the Easter vacation at his home here. John is looking fine in his new college uniform.
